

### 1. WHAT IS THIS PACKAGE FOR?

For fast, efficient insect-mite-scale control on citrus.

### 2. HOW DO YOU USE IT?

**ORANGES, GRAPEFRUIT, LEMONS, LIMES, TANGELOS, TANGERINES, KUMQUATS:** To kill Thrips, Green Citrus Aphids, Citrus red (purple) mites, Citrus rust mites, Texas Citrus mites, Citrus flat, Six-spotted mites, Yuma mites, California red scale, Yellow scale, Purple Scale, Black scale (single and off brooded), Soft scale, Citricola scale, Florida Red and purple scales (light and medium infestations), mix 3 tablespoons in 1 gallon of water. Apply as a thorough coverage spray using any convenient sprayer (hose-on sprayer is ideal). For mites apply before mites appear in threatening numbers. For scale apply when crawlers first appear. Repeat as necessary. Do not apply during bloom period. Do not apply within 7 days of harvest.

### 3. HERE ARE THE RESULTS YOU MAY EXPECT.

Listed insect, mite and scale control is quickly, efficiently and economically obtained with the use of this product.

**CAUTION:** May be harmful if swallowed, inhaled or absorbed through the skin. Do not take internally. Do not breathe fumes or spray mist. Avoid contact with skin, eyes and clothing. Wash thoroughly after handling. Avoid contamination of feed and foodstuffs.

### DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

Food utensils such as a teaspoon or measuring cup should not be used for food purposes after use with insecticides.

Do not reuse container for any purpose. Destroy empty container.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
