

1. WHAT IS THIS PACKAGE FOR?

Feathertone SOD WEBWORM SPRAY (contains ASPENITE) is especially designed for Sod Webworm control in lawn grasses.

Sod Webworms attack larvae or worm stage of lawn. Moths are light brown caterpillars 1/4 to 3/4 inch long with coarse hair and dark spots. They live in below surface tunnels and come out at night to feed on grass blades. Damage appears as spots or large areas of ruined lawns.

2. HOW DO YOU USE IT?

Mix 4 oz. of Feathertone SOD Webworm Spray in 1 gallon of water to treat 5,000 sq. ft. of lawn area or 1 1/3 cups of 10-2-3 lawn fertilizer in 1 gallon of water to treat 1,000 sq. ft. of lawn area. Re-treat as necessary especially if used for application to lawns where water will be present. Apply in early morning when temperatures are falling. Heavy watering is required to get water to soil. 2-3 days after treatment 4-6 inch long larvae may be seen in lawn. Highest lawn mortality occurs when Sod Webworms are in larval stage. Damage is generally done at night. Treat lawn at night.

3. HERE ARE THE RESULTS YOU MAY EXPECT!

Feathertone SOD Webworm Spray will kill Sod Webworms and their eggs with a single application.

WARNING: May be fatal if swallowed. Avoid breathing spray mist. Do not get in eyes, on skin or clothing. In case of contact immediately flush eyes with plenty of water. For skin, wash with soap and water. Avoid contamination of feed and food stuffs. Do not use on household pets or humans. DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME. Avoid drift to adjoining field and forage crops. When container is empty, immediately wash thoroughly and destroy. Never reuse.

Food utensils such as a teaspoon or measuring cup should not be used for food purposes after use with insecticide.

This product is toxic to fish. Keep out of lakes, streams or ponds. Birds feeding on treated lawns may be killed. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as directed on the label.

Feathertone SOD Webworm Spray is a registered trademark of the manufacturer.

Buyers should read label of use, storage and handling of this material and contact the manufacturer with their inquiries.
