AZALEA-EVERGREEN FOOD

DIRECTIONS:
Dear Folks:
There has long been a need for a plant food containing systemic insecticide for the specific use on azaleas and evergreen shrubs and trees. You will find the direction for this product easy to follow for this express purpose.

- 1. WHAT IS THIS PACKAGE FOR?**
This package was developed to supply plant nutrients to azaleas and other evergreens and protect against damaging sucking insects.
- 2. HOW DO YOU USE IT?**
Remove mulch. Using five measure in package, work required application (see feeding chart below) into top 1 inch of soil. Do not cultivate deeply because most evergreens have shallow root systems. Keep product 2 inches away from shrub or tree trunk (3 to 4 inches on larger plants) and spread on soil out under widest spread of branches. Replace mulch. Immediately water thoroughly.

NOTE: This product does not control chewing insects. This product should not be used on container grown plants, for container grown plants use ferti-lome instant ferti-gra or ferti-lome instant PLANT FOOD.

FEEDING CHART

Plant	1.3 ft. Height		3.6 ft. Height		6.12 ft. Height	
	1 Measure Per Ft. of Ht.	2 Measures Per Plant	2 Measures Per Plant	2 Measures Per Plant	1/2 Measure Per Ft. of Height	1/2 Measure Per Ft. of Height
Broadleaf Evergreens						
Azaleas						
Camelias						
Rhododendrons						
Gardenias						
Japanese & Chinese Hollys						
Lily-of-the-valley						
Magnolia						
Yew						
Narrow Leaf Evergreens						
Arbutus						
Er						
Hemlock						
Juniper						
Blue Cedar						
Spice Cedar						
Taxus						
Yew						

3. HERE ARE THE RESULTS YOU MAY EXPECT:
Easy, economical plant nutrition and insect care of azaleas and other evergreens is yours with use of this product.
Sincerely,
the ferti-lome people
