DIRECTIONS:

Dear Folks

There has long been a need for a plant food containing systemic insecticide for the specific use on azaleas and evergreen shrubs and trees. You will find the direction for this product easy to follow for this express purpose.

1. WHAT IS THIS PACKAGE FOR?

This package was developed to supply plant nutrients to azaleas and other evergreens and protect against damaging sucking insects.

2. HOW DO YOU USE IT?

Remove mulch. Using free measure in package work required application (see feeding chart below) into top 1 inch of soil. Do not cultivate deeply because most evergreens have shallow root systems. Keep product 2 inches away from small shrub or tree trunk (3 to 4 inches on larger plants) and spread on soil out under widest spread of branches. Replace mulch. Immediately water thoroughly.

NOTE: This product does not control chewing insects. This product should not be used on container grown plants. For container grown plants use ferti·lome Instant ferti·gro or ferti·lome Instant PLANT FOOD.

FEEDING CHART

| Plant | 13 ft Height | 36 ft Height | 612 ft Height |
|-------------------------------|----------------|--------------|-------------------|
| Broadleaf Evergreens | 1 Measure | 2 Measures | 1 1/2 Measure Per |
| Azaleas | Per Ft. of Ht. | Per Plant | Ft. of Height |
| Camellias | | | |
| Pododendrons | | | |
| Gardenias | | | |
| Japanese & Chinese | | | |
| Morrees | | | |
| Licodium | | | |
| Magnolia | | | |
| Tea | | | |
| Narrow Leaf Evergreens | 1/2 Measure | 3 Measures | Punch several |
| Arbutus tree | | | holes around |
| Fir | | | plant and |
| Hemlock | | | fertilize at |
| Juniper | | | a rate of 1/2 |
| Larch | | | cup per 1" of |
| Red Cedar | | | height |
| Spruce | | | |
| Texas | | | |
| Yew | | | |

3. HERE ARE THE RESULTS YOU MAY EXPECT!

Easy, economical plant nutrition and insect care of azaleas and other evergreens is yours with use of this product.

Sincerely,
the ferti·lome people
