

Tomato Set

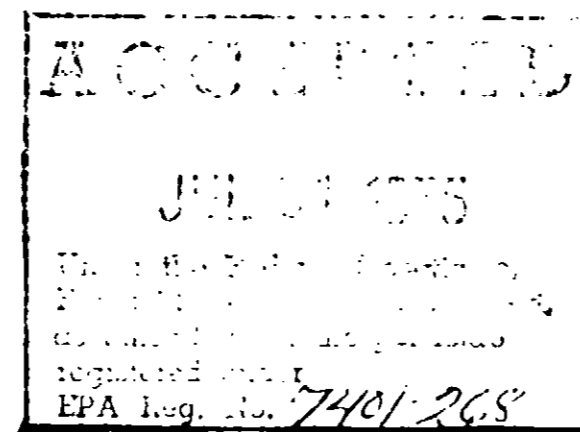

\$1.98

EPA Reg No 7401-268

EPA Est 7401-TX-1

- AIDS PLANTS RETAIN BLOSSOMS AND SET FRUIT
 - BIGGER YIELDS EARLIER
 - TOMATOES RIPEN 1-3 WEEKS EARLIER
- NET CONTENTS 16 FLUID OUNCES (ONE PINT)

**CAUTION KEEP OUT OF REACH OF CHILDREN
SEE BACK PANEL FOR ADDITIONAL CAUTIONS**

1. WHAT IS THIS PACKAGE FOR? This product aids in production of larger tomato crops and earlier crop harvest. General information: Tomato plants frequently fail to set blossoms early in the season or during cold weather. This undesirable characteristic can be overcome without regard to variety or temperature with ferti-lome TOMATO SET. Spraying it on flowers will stimulate the formation of tomatoes. This is of particular value in locations where prevailing conditions interfere with effective pollination.

2. HOW DO YOU USE IT? Point nozzle (see arrow on nozzle) toward plant. Hold container 14-16 inches from flower cluster. Spray each cluster a fraction of a second - one light, brief press of nozzle.

Apply as a direct fine spray to blossom clusters when the majority of flowers in the clusters are open. Do not spray individual clusters more than once. Do not apply directly to leaves or fruit. Do not spray leaves or fruit. Do not make more than five applications per season. Spray clusters lightly for best results.

3. HERE ARE THE RESULTS YOU MAY EXPECT! ferti-lome TOMATO SET helps produce bigger yields of larger, meatier tomatoes earlier than fruit set by normal pollination.

CAUTION. Keep out of reach of children. Harmful if swallowed. Avoid contact with skin, eyes and clothing. Wash hands after use. Keep away from pets. Do not use or spray near heat or open flame. Do not use on tomatoes grown for seed. Do not spray flower beds, vegetables or ornamental plantings. Avoid drift of spray vapors as this product may injure nearby susceptible plants. Spray on a calm day. Avoid contamination of feed and foodstuffs. Do not store near or transport with fertilizers, insecticides, fungicides or seeds. Avoid contamination of irrigation ditches or water used for domestic purposes. **DO NOT USE. POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.** Do not reuse container for any purpose. Destroy when empty. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given here.

ACTIVE INGREDIENT	p-Chlorophenoxyacetic Acid	0.005%
INERT INGREDIENTS		99.995%
TOTAL		100.000%
