

1. WHAT IS THIS PACKAGE FOR?

ferti-lome BAGWORM KILLER is formulated as a specific and positive method of killing bagworms on evergreens . . . (Arborvitae, Spruce, Cedar, Juniper and similar plants).

2. HOW DO YOU USE IT?

Mix 3 tablespoons in 1 gallon of water. Using any hose-on or other garden sprayer, spray entire leaf surface thoroughly when bagworms first appear. Repeat as necessary to maintain control.

NOTE: Do not use on food crops in home garden. Do not apply to lawn grasses or turf areas!

3. HERE ARE THE RESULTS YOU MAY EXPECT!

Fast, economical bagworm control is easily obtained with use of ferti-lome BAGWORM KILLER.

WARNING: Keep out of reach of children. May be fatal if swallowed. Do not take internally. Do not breathe spray mist. Do not get in eyes, on skin, or on clothing. If spilled on skin, wash thoroughly with soap and water. Wash thoroughly after use. Avoid contamination of feed and foodstuffs.

First Aid: If swallowed, induce vomiting with a tablespoon of salt in a glass of warm water. Repeat until vomit fluid is clear. Do not give anything by mouth to an unconscious person. Call a physician immediately.

Food utensils such as tablespoons or measuring cups should not be used for food purposes after using with pesticides.

DO NOT USE, PCUR OR SPILL NEAR HEAT OR OPEN FLAME.

This product is toxic to bees and should not be applied when bees are actively visiting the area.

This product is toxic to fish and wildlife. Birds feeding on treated area may be killed. Keep out of any body of water. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from area treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

Do not reuse container for **any** purpose. Destroy empty container.

Buyer assumes all risks of use, storage or handling of this material! not in strict accordance with directions given herewith.
