

DIRECTIONS FOR USE

For Lawns For best results, mow lawn, remove clippings and apply immediately after rain or watering. Water following treatment. Keep children and pets off lawn until material is watered in and grass is dry. Apply at rate of 0.5 oz. per 100 sq. ft.

In addition to killing fleas and ticks, the dust is also effective in killing ants, chinch bugs, crickets, cutworms, earwigs, fall armyworms, leafhoppers, millipedes, mosquitoes and sod webworms.

For Kennels, Runs and Dog Bedding Apply liberally for control of fleas and ticks at the rate of 0.5 lbs. of Lawn and Kennel Dust per 1,000 sq. ft. Force dust into cracks and crevices. Repeat as needed. Do not expose puppies less than 4 weeks of age to treated areas.

CAUTION: Use only as directed.

Avoid handling. Use regular long-sleeved clothing. Avoid breathing of dust or contact with skin. Wash hands after applying. Do not store near or contaminate feed or food-stuffs. Harmful if swallowed or inhaled. Do not reuse container. Destroy when empty.

KEEP OUT OF REACH OF CHILDREN.

This product is toxic to fish. Keep out of lakes, streams, or ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.
