Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 7401-293.

Kill-a-bug Lawn Granules

Hi-Yield®

Special

Kill-a-bug Lawn Granules Containing DURSBAN*

This product is recommended to control White Grubs**, Chinch Bugs, Southern Chafer, Sod Webworms (Lawn Moths), Ants, Armyworms, Brown Dog Ticks, Crickets, Cutworms, Earwigs, Fleas, Sowbugs (Pill-bugs), and Hyperodes (Turfgress) Weevils Infesting Home Lawns and Other Ornamental Turf Areas.

DIRECTIONS FOR USE

Use as directed. Do not use this product in a manner inconsistent with its labeling. Apply uniformly to home lawns and other ornamental and recreational turf areas with any hand or power-operated gravity or rotary type spreader designed for application of granular materials. To obtain uniform distribution, apply one-half the required amount of product in one direction, then apply the balance at a right angle. Immediately after application, thoroughly water the treated turf area to determine amount and water needed for smaller sized areas. Re-treat as necessary.

RATES TO USE

Area to be Treated*	Pounds of Kill-a-bug Lawn Granules	Capfuls of Water to Sprinkle on Turf after Treatment
1,000 sq. ft.	7 1/2	1 1/2
5,000 sq. ft.	37 1/2	7 1/2
10,000 sq. ft.	75	15

SPREADER SETTING

Model	Per 1,000 sq. ft.	Per 1,000 sq. ft.
Bentley's Cyclone	3 1/2	4 1/2
Scott's Deluxe	6	7
Scott's Speed	6	7

NOTE: Above spreader settings are approximate. Accurately weigh a quantity of granules and determine the amount of granules per unit of area. Adjust the spreader setting if necessary to ensure correct rate of application.

***Big Central White Grubs** (larvae of European Chafer, Southern Chafer and Japanese Beetle). Use two to four times the amount shown in the table (i.e., 15 to 30 pounds per 1,000 sq. ft.) depending on the severity of the infestation. For best results, treat with water to wash the insecticide into the soil. For best results, treat when grubs are young and actively feeding near the soil surface. Avoid application to areas where birds, bees, butterflies, or other beneficial insects are present.

****Big Central Weevils** (Turfgress) Weevils. Use twice the rate shown in the table. Treat suspected problem areas in mid-April and again in mid-June. For more information on Turfgress Weevils, contact your local Extension Service office for best time to treat in your area.

STORAGE AND DISPOSAL

Storage: Keep away from food, feedstuffs, and domestic water supplies. Keep container closed. Do not use empty container. Wrap container and put in plastic bag.

Buyer assumes all risks of use. Storage or handling of this material not in accordance with directions given hereon.
