**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION**

Harmful if swallowed. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash hands after using. Keep children and domestic animals off treated areas until this material has been washed into the soil. Avoid contamination of feed and foodstuffs. Do not use in vegetable gardens. Do not contaminate water used for irrigation or domestic purposes.

STATEMENT OF PRACTICAL TREATMENT

If taken internally, induce vomiting and call a physician at once. In case of contact immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists.

Keep out of lakes, ponds of equipment or disposal.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. WHAT IS THIS PRODUCT?
This new product has been developed to kill unwanted vegetation in areas where quick inactivation is required. It may be used around lawns, patios, and driveways, and is also excellent for use in vegetable gardens.

2. HOW DO YOU USE?
ferti-lome Improved Vegetation Killer.

growing season, but best results are obtained during warm sunny weather when applied to actively growing vegetation. Heavy lawn grass or difficult to control perennial weeds such as Bermudagrass and Dallisgrass may require more than one application to give complete control of top growth.

DILUTION RATE CHART		
Area to be Treated	Amount of ferti-lome Improved Vegetation Killer to Use	Amount of Water to Use
	(Tank or Hose-on Sprayer*)	
250 sq. ft.	8 fl. oz.	1 gallon
500 sq. ft.	1 pint	2-3 gallons
1,000 sq. ft.	1 quart	4-6 gallons
4,000 sq. ft.	1 gallon	15-20 gallons
	(Sprinkling can)	
100 sq. ft.	12 fl. oz.	2 gallons

*Follow directions on Hose-on Sprayer.

ACCEPTED
NOV 16 1979
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, this product is registered under EPA Reg. No. 7401-300

To kill undesirable vegetation around buildings, in brick and gravel walks and patios and along fences, sidewalks, driveways, curbs and gutters, apply ferti-lome Improved Vegetation Killer with a tank sprayer, hose-on sprayer or sprinkling can using the above recommended rate. Cover unwanted vegetation thoroughly to point of runoff. Foliage will usually turn brown in about five days.

To kill undesirable vegetation around trees, shrubs, ornamentals and other confined areas, apply ferti-lome Improved Vegetation Killer with a tank sprayer or sprinkling can (a hose-on sprayer is not recommended in this case) using the above recommended rate. Do not allow spray solution to contact the leaves, green bark, bud crowns, or broken bark on trees, shrubs, or ornamentals. To avoid damage to desirable plant foliage, apply only

before treatment. Apply with tank sprayer, hose-on sprayer or sprinkling can. Cover vegetation thoroughly. Foliage will usually turn brown in about five days. If green foliage is not killed, re-spray five days later if green.

Deadened areas should be raked to remove dead material according to local practices.

Do not apply to concrete, brick, or aluminum. Clean spray with water.

CTI

When used according to directions this new product will kill undesirable vegetation in listed areas and not harm the underlying roots of trees and shrubs.

STORAGE AND DISPOSAL

Do not store near feed, foodstuffs, fertilizers, seeds, insecticides or fungicides. Do not reuse empty container. Wrap container and put in trash collection.

NOTICE: Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
