DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. WHAT IS THIS PACKAGE FOR?

ferti-lome Bermuda Grass Weeder is an effective weed killer especially formulated to kill Dallis grass, Crabgrass, Nutgrass, Johnson grass, Dandelions and other listed weeds that are unsightly in Bermuda grass lawns.

2. HOW DO YOU USE IT?

ferti-lome Bermuda Grass Weeder is ideal for use in hose-on and tank type sprayers. Spray thoroughly to wet all undesirable weeds. Two treatments are usually needed at 7-14 day intervals. Bermuda grass will probably be temporarily discolored after treatment, but will come back quickly depending on moisture and plant food available to grass.

NOTE: Do not treat seeded lawns until second year. Do not use on St. Augustine, Carpet, Centipede, Bahia or Dichondra grass lawns unless renovation is desired.

3. HERE ARE THE RESULTS YOU MAY EXPECT!

This highly effective weed killer will eliminate unsightly Dallis grass, Crabgrass, Nutgrass, Dandelions, Johnson grass and other listed weed growth for a more beautiful and uniform appearance of Bermuda grass lawns.

DISPOSAL

Do not reuse empty container. Wrap container and put in trash collection.
