Your Submission dated November 22, 1983

The amendments referred to above, submitted in connection with registration under FIFRA are acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
 - a. Change the statement to read - Keep children and pets off treated area until material is washed into soil.
 - b. Under the human hazard statement, change the first sentence to read - Harmful if swallowed. For EPA Registration No. 7401-358,

CONCURRENCES

TOTAL.....	100.0%

*Total arsenic (as elemental) all in water soluble form 22.1%

KEEP OUT OF REACH OF CHILDREN

CAUTION

SEE BACK PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. WHAT IS THIS PACKAGE FOR?

ferti-lome Bermuda Grass Weeder is an effective weed killer especially formulated to kill Dallis grass, Crabgrass, Nutgrass, Johnson grass, Dandelions and other listed weeds that are unsightly in Bermuda grass lawns.

2. HOW DO YOU USE IT?

ferti-lome Bermuda Grass Weeder is ideal for use in tank-type sprayers. Spray thoroughly to wet all undesirable weeds. Two treatments are usually needed at 7-14 day intervals. Bermuda grass will probably be temporarily discolored after treatment, but will come back quickly depending on moisture and plant food available to grass. Do not apply with hose-end applicator.

NOTE: Do not treat seeded lawns until second year. Do not use on St. Augustine, Carpet, Centipede, Bahia or Dichondra grass lawns unless renovation is desired.

3. HERE ARE THE RESULTS YOU MAY EXPECT!

This highly effective weed killer will eliminate unsightly Dallis grass, Crabgrass, Nutgrass, Dandelions, Johnson grass and other listed weed growth for a more beautiful and uniform appearance of Bermuda grass lawns.

STORAGE: Store in original container and place in a locked storage area.

DISPOSAL: Do not reuse container. Rinse thoroughly and securely wrap original container in several layers of newspaper and discard in trash.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: May be harmful or fatal if swallowed. Avoid contact with skin, eyes and clothing. Wash thoroughly after handling and before eating or smoking. Avoid contamination of feed and foodstuffs. Keep children and pets off treated area until foliage is dry. Wear protective clothing when handling or applying this product, including long pants, long-sleeve shirt, and impermeable gloves and boots.

STATEMENT OF PRACTICAL TREATMENT

If swallowed - Call a physician or Poison Control Center immediately. If possible, vomiting should be induced under medical supervision. Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

If inhaled - Remove victim to fresh air. Apply artificial respiration if indicated.

If on skin - Remove contaminated clothing and wash affected areas with soap and water.

If in eyes - Flush eyes with plenty of water. Call a physician immediately.

ENVIRONMENTAL HAZARDS

Do not apply directly into water. Keep out of lakes, streams, and ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

NOTE: Do not spray or allow to drift onto desirable vegetation.

*Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
