

Thoroughly after handling and before eating or smoking. Avoid contamination of food or foodstuffs. Feed materials such as tablespoons or measuring cups should not be used for food purposes after use with pesticides.

**STATEMENT OF PRACTICAL TREATMENT**  
**IF SWALLOWED**—Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Never induce vomiting or give anything by mouth to an unconscious person.  
**IF IRRITATED**—Remove victim to fresh air. Apply artificial respiration if indicated.  
**IF ON SKIN**—Remove contaminated clothing. Wash affected areas with soap and water.  
**IF IN EYES**—Flush eyes with plenty of water. Get medical attention if irritation persists.

**NOTE TO PHYSICIAN**—Malathion is a cholinesterase inhibitor. Atropine by injection is essential only if symptoms of cholinesterase inhibition are present.

**ENVIRONMENTAL HAZARDS**  
 This product is toxic to fish. Do not apply directly to water. Do not allow runoff water by cleaning of equipment or disposal of wastes. Keep this product, as specified on this label. The product is highly toxic to birds if applied to direct treatment of rodents on crops. Protective information may be obtained from your State Wildlife Agricultural Extension Service.

**PHYSICAL OR CHEMICAL HAZARDS**  
**DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.**

Precautions of use, storage or handling of this material not in strict accordance with directions given hereon.

**DIRECTIONS FOR USE**  
 It is a violation of Federal law to use this product if a warrant is consistent with its labeling.

**1. WHAT IS THIS PACKAGE FOR?**  
 This dual purpose product provides the Rosegrower with an Insecticide-Fungicide combination to make rose care easier and more convenient. This highly effective combination controls Black Spot & Powdery Mildew and kills the following sucking and chewing insects that most frequently attack and damage roses: Rose Aphids, Rose Curculio, Japanese Beetles, Rose Scale, Rose Leafhopper, Western Flower Thrips, Rose Green Aphids, Armyworms, Rose & Strawberry Aphids, Obliquebanded Leafhoppers, Fruitful Leafhopper, Ten Cane Aphid, Apple Leafhoppers, Whitefly, Black Flies, Two-Spotted Weevils, Cyclamen Mites, Potato Aphids, Greenhouse Whitefly, Leafhopper, and Greenhouse Leafhopper.

**2. HOW DO YOU USE IT?**  
**SHAKE WELL BEFORE USING OR SAMPLING.** Mix 3 tablespoons in one gallon of water. Apply as thorough full coverage spray. Spray entire plant until wet. Apply when insects or disease appear. Repeat at 7-10 day intervals as needed.  
**NOTE:** For home PROFESSIONAL ROSE SPRAY is for use on Roses and other ornamentals only.

**3. HOW ARE THE RESULTS YOU MAY EXPECT?**  
 When used as directed, Ferti-Lome PROFESSIONAL ROSE SPRAY will help provide Rosegrowers with beautiful, healthy roses free of harmful insects and diseases.

**DISPOSAL**  
 Do not reuse empty container. Wrap container and put in trash collection.
