6860 N. Dallas Parkway, Suite 200

Plano, TX 75034

SUBJECT:

Applications for Pesticide Notification – Change in Storage and Disposal Section per

PR Notice (PRN) 2007-4 and Environmental Hazard Statements per PRN 2008-1

Ferti-lome® Dusting Sulfur

EPA Reg. No. 7401-188

JUL 3 0 2009

Ferti-lome® Fire Blight Spray Hi-Yield® Terraclor® Fungicide EPA Reg. No. 7401-311

EPA Reg. No. 7401-389 Applications Dated January 14, 2009 and May 18, 2009

Dear Ms. Oliver:

The Agency is in receipt of your Applications for Pesticide Notification under Pesticide Registration Notices (PRNs) 2007-4 and 2008-1 for the above products. The Registration Division (RD) has conducted a review of these requests for their applicability under PRNs 2007-4 and 2008-1 and finds that the actions requested fall within the scope of these PR Notices. The labels submitted with the applications are considered "acceptable", date stamped "Notification", and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please call me directly at 703-305-6249 or Terri Stowe of my staff at 703-305-6117.

Sincerely,

Linda Arrington

Re: Voluntary Purchasing Groups, Inc; Company Number 7401; Response to email dated May 12, 2009 for Notifications of product numbers 7401-188, 7401-311 and 7401-389.

Dear Ms. Stowe:

Please find enclosed the hard copies of the revisions made to the Notification Applications for product numbers 7401-188, 7401-311 and 7401-389 as requested in your email dated May 12, 2009. E-submissions of these revisions were email to you on May 18, 2009 per your request.

If there are any questions or concerns, please contact me at (972) 265-7925. Thank you for your anticipated cooperation.

Sincerely,

Leslie Oliver

Agent for Voluntary Purchasing Groups, Inc.

#### Attachment for Section II of form 8570-1

"Notification of label change per PR Notice 2007-4. This notification is consistent with the guidance in PR Notice 2007-4 and the requirements of EPA's regulations at 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156. No other changes have been made to the labeling or the Confidential Statement of Formula for this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if the amended label is not consistent with the requirements of 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA."

"Notification of label change relative to PR Notice 2008-1. This notification is consistent with the guidance in PR Notice 2008-1 and the requirements of EPA's regulations at 40 CFR 156.10, 40 CFR 156.80 and 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the guidance of PR Notice 2008-1 and the requirements of 40 CFR 156.10, 40 CFR 156.80 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA."

# PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. May be irritating to eyes, nose, throat & skin. Avoid breathing dust. Avoid contact with skin, eyes or clothing. Wash thoroughly after using. Wear protective clothing such as long sleeved shirt, long pants, socks, shoes, rubber gloves and respirator when loading spreader. Avoid contamination of feed or foodstuffs. Keep children and pets off treated areas until this material is washed into the soil and the treated area has dried completely. Wash hands thoroughly after using.

#### **ENVIRONMENTAL HAZARDS**

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.

#### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Hi-Yield<sup>®</sup> Terraclor<sup>®</sup> Fungicide provides an easy, economical and effective method for controlling Brown Patch, Dollar Spot, Leaf Spots and Rust on Bermuda, St. Augustine, Centipede, Bahia, Bluegrass, Fescue & Ryegrass lawns. Also, controls Brown Patch on Dichondra.

Make first application at first sign of disease or for best results apply Hi-Yield® Terraclor® Fungicide as a preventative against disease before it appears. Once the disease appears, applications will only control further spread of the disease not cure it. For Bermuda, St. Augustine, Centipede, Bahia and other warm season grasses, apply 8 lbs. To cover over 1,000 sq. ft., see table below for spreader settings on warm season grasses. For Bluegrass, Fescue and Ryegrass, apply 8 lbs. to cover 2,000 sq. ft. See table below for spreader settings on cool season grasses. For Dichondra apply 8 lbs. to cover 500 sq. ft. to control Brown Patch. See table below. After application is made, lightly water treated area to insure movement through grass to the soil level. If treated area is subjected to unusually heavy rainfall or flooding, or if disease is severe and re-appears, the area should be re-treated at 3-4 week intervals as needed.

#### [BACK/SIDE PANEL CONTINUED]

\*These settings can be used only as a guide, they are not absolute. The speed at which the applicator walks, spreader condition and the texture of the turf will alter the rate of application. If product remains in spreader after application to recommended square foot coverage, spread remainder over same area going at right angles. (See Diagram)

#### [APPLICATION DIAGRAM HERE]

NOTE: Under certain growing conditions, a temporary discoloration of the grass occasionally may occur. This causes no harm and will disappear in a short time. Do not graze treatment areas or feed clippings to livestock.

#### STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in original container. Keep in an area inaccessible to children and pets. PESTICIDE DISPOSAL: If empty: Non-refillable container. Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith. Voluntary Purchasing Groups, Inc. warrants that this product conforms to the chemical description on the label and that the limit of any liability incurred shall be the purchase price paid by the user or buyer.
