DEFINITIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

1. WHAT IS THIS PACKAGE FOR?

ferti-lome Ready-To-Use Vine Killer is a non-selective herbicide that will kill undesirable vine growth around fences, trees, buildings, flower beds, gardens and other areas where vine growth is unwanted. Kills Kudzu, Poison Ivy, Poison Oak, Honeysuckle, Morning Glories, Puncturevine, Trumpet Creeper, Bindweed and other nuisance vines.

2. HOW DO YOU USE IT?

Simply spray the entire vine until all surfaces are wet. Avoid cutting the treated vegetation for at least 10 days. If certain hard to kill vines are not completely killed with 14 to 21 days a second application should be made. For best results apply on warm, sunny days and when vines are actively growing.

NOTE: Spray carefully to avoid spray contact with desirable vegetation. If spray or drift contacts desirable vegetation, wash off immediately with water.

3. HERE ARE THE RESULTS YOU MAY EXPECT!

When used as directed, ferti-lome Ready To Use Vine Killer will kill unwanted vine growth for a more attractive home and garden area.

To refill this container, pour 6½ ozs. of Hi-Yield Systemic Weed & Grass Killer Concentrate into this 1 Quart container and finish filling with clean water.

STORAGE: Store in original container and place in a locked storage area.

DISPOSAL: Rinse thoroughly and securely wrap original container in several layers of newspaper and discard in trash.
