DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is a Non-selective Herbicide that will eliminate undesirable vegetation in lawns, driveways, parking areas, between stepping stones and bricks, around fences, patios, flower beds, gardens, buildings, trees, and shrubs without harm to untreated plants and vegetation. One application will kill most weeds and grasses. See list on both sides of front panel of this label for a partial list of weeds and grasses controlled.

To prepare a spray solution, mix 8 fl. ozs. (1 cup) of this concentrate with 1 gallon of clean water.

Make a full coverage application being sure to thoroughly wet plant surfaces. Avoid cutting treated vegetation for at least 7 days. If certain hard to kill weeds and grasses are not completely killed in 14 to 21 days repeat application. For spot treatment in lawns, flower beds, ornamental beds, around trees and shrubs, apply carefully to avoid contact with desirable vegetation. If spray or drift contacts desirable vegetation, wash off immediately with water.

For areas where renovation and reseeding is desired, make a thorough coverage of lawn area. Treated area should begin to turn brown within 7 days, then reseed or sod as desired.

*To prepare a refill for Hi-Yield Ready-To-Use Weed and Grass Killer, pour 3 1/4 ozs. of this product into the 1 Quart container and finish filling with clean water.

* To prepare a refill for Hi-Yield Ready-To-Use Vegetation Killer, pour 13 ozs. of this product into the 1 Gallon container and finish filling with clean water.

STORAGE: Store in original container and place in a locked storage area.

DISPOSAL: Rinse thoroughly and securely wrap original container in several layers of newspaper and discard in trash.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: May cause eye irritation. Avoid contact with eyes. Do not get on skin or clothing. Harmful if swallowed. Wash thoroughly after handling. Keep children and pets off treated surfaces until product has dried.

STATEMENT OF PRACTICAL TREATMENT

- If swallowed - Call a physician or Poison Control Center immediately. If possible, vomiting should be induced under medical supervision. Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.
- If inhaled - Remove victim to fresh air. Apply artificial respiration if indicated.
- If on skin - Remove contaminated clothing and wash affected areas with soap and water.
- If in eyes - Flush eyes with plenty of water. Call a physician immediately.

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

IMPORTANT: Do not apply this product when rainfall is expected within 6 hours. Do not use on windy days or when weather conditions favor drift. Protect from freezing.

*Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
