

NOTICE OF PESTICIDE

REGISTRATION
 REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

Hi Yield Mole Cricket Killer

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Voluntary Purchasing Group
P.O. Box 460
Bonham, TX 75418

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 7401-419."
- b. Revise your label ingredient statement to read:

| | |
|-------------------------------------|-------|
| Active Ingredients | |
| Chlorpyrifos | 12.6% |
| Aromatic petroleum distillate | 21.5% |
| Petroleum distillate | 18.8% |
| Inert Ingredients | 47.9% |

c. New certified limits must be submitted for all ingredients other than chlorpyrifos.

- d. The interim storage stability data are acceptable. However, a 1-year study must be submitted when completed.
- e. Revise your Hazards To Humans And Domestic Animals paragraph to read:

WARNING: Fatal if swallowed or absorbed through skin. Do not breathe spray mist. Do not get in eyes, on skin or on clothing. Wash thoroughly after handling and before eating or smoking. Avoid contamination of feed or food-stuffs. Keep children and pets off treated areas. Food utensils such as teaspoons or measuring cups cannot be used for other purposes after use with pesticides.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for our records.

| Aromatic petroleum derivative solvent | 21.5% |
| Inert Ingredients:..... | 65.9% |

Keep Out Of Reach Of Children

WARNING

See Back Panel For Additional Precautionary Statements

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Hi-Yield(R) Mole Cricket Killer is very effective in controlling Mole Crickets in lawns and other ornamental turf areas. Mole Crickets damage lawns by feeding on grass roots and by forming mole like tunnels that loosen the soil, causing the grass to turn brown and die. For best results, make application in late evening in June, July or August when the Mole Crickets are in the nymphal stages.

Mix 6 fl. ozs. of Hi-Yield(R) Mole Cricket Killer in enough water to obtain a complete and uniform coverage of 1,000 sq. ft. Apply as a coarse, low pressure spray using suitable spray equipment such as a hose-end sprayer. After application, thoroughly water the treated area with $\frac{1}{2}$ to 1 inch of water to wash the insecticide into the turf. For best results, lawn should be moist at time of treatment.

TO CONTROL OTHER LAWN AND ORNAMENTAL TURF PESTS (Sod Webworms, Clover mites, Chiggers, Armyworms, Brown dog ticks, Crickets, Grasshoppers, Chinch Bugs and Fleas):
Mix 3 fl. ozs. of Hi-Yield(R) Mole Cricket Killer in enough water to obtain a complete and uniform coverage of 1,000 sq.ft. Spray when pests first appear and retreat as necessary. Apply as a coarse spray using a hose-end sprayer. After application, thoroughly water treated area to wash insecticide into the turf. *For Sod Webworms, delay watering or mowing the treated area for 12 to 24 hours after treatment.

STORAGE: Store in original container and place in a locked storage area.
DISPOSAL: Do not reuse container. Wrap and put in trash.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: May be harmful or fatal if swallowed or absorbed through the skin. Do not breathe spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly after handling and before eating or smoking. Avoid contamination of feed or foostuffs. Keep children and pets off treated areas. Food utensils such as teaspoons or measuring cups should not be used for purposes after use with pesticides.

STATEMENT OF PRACTICAL TREATMENT

- If swallowed - Do not induce vomiting. Contains aromatic petroleum solvent. Call a Physician immediately.
- If inhaled - Remove victim to fresh air. Apply artificial respiration if indicated.
- If on skin - Remove contaminated clothing and wash affected areas with warm water and soap.
- If in eyes - Flush eyes with plenty of water for 15 minutes. Get medical attention immediately.

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropin only by injection, is the preferable antidote.

PHYSICAL OR CHEMICAL HAZARDS

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.
