U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505P)
Ariel Rios Building
1200 Pennsylvania Ave., NW
Washington, D.C. 20460

EPA Reg. Number:

7401-428

Date of Issuance:

MAR 2 2010

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance: Unconditional

Name of Pesticide Product:

Hi-Yield® Dormant Spray

Name and Address of Registrant (include ZIP Code):

Voluntary Purchasing Groups, Inc.
P.O. Box 460
Bonham, Texas 75418
ATTN: Madhu Mandava

5853738
676/22

~~Note: Changes in labeling, differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.~~

On the basis of information furnished by the registrant, the above named pesticide is hereby reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Eligibility Decision, EPA has reregistered the product listed above. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

The Confidential Statement of Formula (CSF) dated "8/12/08" is accepted and replaces all CSFs previously accepted for this product. Note, however, that the source product's registration has been transferred. Its new registration number is 86330-6. Submit a revised CSF which reflects the current name and registration number of the source product as well as the name and address of the new registrant.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is accepted subject to the comments in this letter.

See page 2 for required label changes.

You must submit one (1) copy of the final printed label before you release the product for shipment. Products shipped after 12 months from the date of this Notice or the next printing of the label whichever occurs first, must bear the new revised label. A stamped copy of the label is enclosed for your records. Should you have any questions, please contact William Jacobs at 703-305-6406 or jacobs.bill@epa.gov.

Meredith F. Laws, Chief
Insecticide-Rodenticide Branch
Registration Division (7505P)

Date:

MAR 2 2010

The asterisked qualifying text for the name used for this product, "**Hi-Yield® Dormant Spray**", is acceptable.

The reference on the label to the website "www.hi-yield.com" means that the website constitutes labeling under Section 2(p)(2)(B) of FIFRA and is subject to review by the Agency. If the website contained false or misleading information, the product would be misbranded, as defined in Section 2(q)(1)(A) of FIFRA, and unlawful to sell or distribute under Section 12(a)(1)(E) of FIFRA. 40 CFR §156.10(a)(5) lists categories of statements that are among those that EPA considers to be false or misleading. Regardless of whether a website is referenced on the label or labeling of a pesticide product, claims made on the website may not differ substantially from the claims approved for the product through the registration process. If EPA finds that a website contains false or misleading statements or claims substantially different from those accepted for the product, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Label Changes for EPA Reg. No. 7401-428

The changes identified below must be made to the enclosed label that was submitted via e-mail on February 16, 2010.

1. In the second sentence of the fourth paragraph of the "**DIRECTIONS FOR USE**", change "text" to "test".
2. In the first sentence of the "**For Use On Ornamentals:**" paragraph, change "1½fluid ounces" to "1½ fluid ounces" (i.e., insert a space).
3. In the first sentence of the "**For Use on Fruit Trees:**" paragraph, change "table spoons" to "tablespoons" (i.e., delete the space between the words).

FIRST AID	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-222-1222 or 1-800-900-4044 for emergency medical treatment information.	
If on skin or Clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If Swallowed	<ul style="list-style-type: none"> • Call poison control center or doctor immediately for treatment advice. • Do not give any liquid to a person. • Do not introduce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
NOTE TO PHYSICIAN: This product contains petroleum distillates and may pose an aspiration pneumonia hazard.	

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that it will contact other people or pets, either directly or through drift. Do not allow people or pets to enter the treated area until after the spray has dried.

Hi-Yield® Dormant Spray may be used to control scale insects, mites, fruit tree leaf rollers, pear psylla, fall armyworms, and white flies on ornamentals, shrubs, fruit trees and shade trees, including: tea scale on camellias; oleander scale on oleanders; juniper scale on junipers; azalea scale on azaleas; white peach scale on privet; scale insects on citrus trees; rose scale on roses; magnolia scale on magnolias; San Jose scale on peach, plum, Pear, or apple trees; and obscure scale on pecan trees.

Hi-Yield® Dormant Spray may be mixed with other insecticides and with fungicides except for those containing sulfur.

Hi-Yield® Dormant Spray may cause injury to house plants, including ivy, ferns, and other types. Treat small portions of plants to test them for compatibility with this product before treating entire plants.

This product should be applied in late afternoon or early morning, if possible. Do not spray plants with this product in midday if the temperature is or is expected to exceed 90°F.

For Use on Ornamentals: Mix 3 tablespoons (1½ fluid ounces) of Hi-Yield® Dormant Spray in one gallon of water. Spray foliage thoroughly.

For Use on Fruit Trees: To control San Jose scale on peach, plum, pear, or apple trees and obscure scale on pecan trees, spray trees thoroughly with a mixture of 6 table spoons (3 fluid ounces) of Hi-Yield® Dormant Spray in 1 gallon of water. This product may be used on fruit trees only during the dormant season, which occurs before the scale slips and prior to but swell. Applications may be repeated at intervals of 3 to 4 weeks, during the dormant season.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in original container. Keep in an area inaccessible to children and pets.

PESTICIDE CONTAINER DISPOSAL: If empty: Non-refillable container. Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

To the extent consistent with all applicable laws, buyer herewith assumes all risks of use, storage or handling of this product not in strict accordance with directions given herewith. Voluntary Purchasing Groups, Inc. warrants this product to conform to the chemical description on the label and for the purposes stated on the label. To the extent consistent with all applicable laws the limit of liability incurred shall be the purchase price paid by the user or buyer.
