

GENERAL DIRECTIONS

Apply this product only as specified on this label.

When wet before using. Read label and observe cautions and directions. When pre-mixed with water prior to spraying, mix thoroughly and keep agitated during use.

Insects are more difficult to control as they become older and larger. Unless otherwise noted, spray when insects first appear and repeat as needed. Spray upper and lower surfaces of all leaves and branches thoroughly. Where Snow Scale is a problem, it is important that trunk, limbs and twigs are thoroughly sprayed.

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with eyes. Wash after handling. Avoid contamination of feed and foodstuffs. Do not reuse container for anything other than its intended use.

ENVIRONMENTAL CAUTIONS

This product is toxic to fish, shrimp, crabs and other wild life. Keep out of lakes, streams, ponds, rivers, marshes, or fish ponds. Do not apply where runoff is likely to occur. Do not spray when weather conditions favor drift from treated area. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

This product is toxic to bees and other beneficial insects when they are actively visiting the area.

CAUTION

Do not use within 30 days before or after application of any other insecticide. Use at temperature above 40°F. Do not use when plants are wet from rain or moisture. Avoid contact with skin and clothing.
