

[7405-44]

FOR OUTDOOR USE: Can also be used in attics, warehouses and other storage areas where foods and feedstuffs are not exposed.

SHAKE WELL BEFORE USING

DIRECTIONS FOR OUTDOOR USE: Hold can upright. Using JET STREAM or FOGGER NOZZLE, point nozzle away from face and in direction of the space to be treated. (When interchanging from jet to fogger nozzle, be careful not to spray into face or eyes). With wind at back, aim at nests in trees, bushes, under eaves, chimneys, cracks or crevices, etc. Spray while moving away from treated areas. Allow spray to dissipate before occupying treated area. Thoroughly saturate nest with spray, contacting as many insects as possible. To prevent insects from falling on skin and clothes, do not stand directly under nest. Best results can be obtained if nest is sprayed in late evening when most insects are at nest. If reinfestation occurs, repeat treatment.

DIRECTIONS FOR INDOOR USE: Same as for outdoor use but do not spray in areas where food and feedstuffs are exposed or handled.

Active Ingredients

| | |
|---|------------|
| * + (5-Benzyl 3-furyl) methyl 2, 2-dimethyl-3-(2-methylpropenyl)cyclopropanecarboxylate | 0.150% w/w |
| Related compounds | 0.020% |
| Aromatic petroleum hydrocarbons | 0.274% |
| Petroleum distillate | 11.556% |
| Inert Ingredients | 88.000% |
| | 100.000% |

*Cis/trans isomers ratio: max. 30% (+) cis and min. 70% (+) trans

+SBP-1382 U.S. Patent No. 3,465,007

WARNING: Contents under pressure. Do not puncture. Do not expose container to temperatures above 120° F. Never throw container into fire or incinerator.

CAUTION: KEEP OUT OF REACH OF CHILDREN. Avoid breathing spray mist. Avoid contact with skin. Harmful if swallowed. Avoid smoking while spraying. Avoid contamination of food or feedstuffs. Direct spray away from people or animals. Allow spray to disperse for several minutes before entering the treated area.
