Mr. Eric Dann
Chemical Packaging Corporation
P.O. Box 9947
Fort Lauderdale, FL 33310

Dear Mr. Dann:

Subject: Label Amendment--Addition of Directions for Use in Garbage Cans
Flying and Crawling Insecticide II
EPA Registration No. 7405-73
Your Submission Dated April 13, 1998

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided you make the labeling change indicated below prior to release for shipment of product bearing the amended labeling.

Change the word "agricultural" to "institutional" in the phrase following the second bullet on the front panel.

Submit two copies of your final printed labeling before you release the product for shipment. A stamped copy of the labeling is enclosed for your records.

Sincerely,

George T. LaRocca

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Shake well before use. Remove protective cap. Aim spray opening away from person. Do not use in food/feed areas of food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use on serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where foods may be prepared or held. Nonfood areas where the product can be used are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning and bottling). Do not use in rooms / areas while occupied by patients, the elderly or infirm. Do not apply to classrooms when in use.

DUAL SPRAY VALVE:
PUSH BUTTON DOWN FOR MIST TO CONTROL FLYING INSECTS
OR FORWARD FOR PENCIL SPRAY TO CONTROL CRAWLING INSECTS
INDOOR USES

For residual and contact control of: COCKROACHES, PALMETTO EGGS, SILVERFISH, FIREBRATS, CRICKETS, SCORPIONS, SPIDERS, MILLIPEDES, CENTIPEDES, SNOWBUGS AND PILLBUGS: Spray into hiding places such as cracks and crevices, behind sofas, cabinets, along baseboards and floors, around drains and plumbing, killing insects with spray whenever possible. Repeat treatment as necessary.

ANTS: Spray trails, nests and points of entry. Spray on ants where possible. Repeat as necessary. FLYING INSECTS: Cluster Flies, House Flies, Fruit Flies, Mosquitoes, Gnats and Small Flying Moths:

Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for average room, moving toward the door. Direct spray to all parts of the room, especially windows and other light sources which attract these insects. Keep nozzle in constant motion. Leave room and keep area closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. Sweep up and discard fallen insects. Repeat treatment as necessary.

FLEAS IN BUILDINGS - SPACE SPRAY: Hold can 36 inches above floor and direct spray toward floor and lower walls at a rate of 10 seconds per 100 sq. ft. making sure that all floor, sofa and chair surfaces are contacted. Leave room and keep area closed for 15 minutes. Open and ventilate before reoccupying. Repeat treatment after 7 days or as needed.

TO KILL LICE AND LOUSE EGGS: Spray in an inconspicuous area to test for possible staining or discoloration. Inspect again after drying, then proceed to spray entire area to be treated. Hold container upright with nozzle away from you. Depress valve and spray from a distance of 8 to 10 inches. Spray each square foot for three seconds. Spray only those garments and parts of bedding, including mattresses and furniture that cannot be either laundered or dry cleaned. Allow all sprayed articles to dry thoroughly before use.

OUTDOOR USES

FLYING INSECTS: Flies, Mosquitoes, Gnats, and Small Flying Moths. Allow fog to drift over area. Direct spray toward bushes or grass from at least 4 to 6 feet away. Give special attention to breeding areas such as garbage cans and compost piles. Repeat as necessary.

CRAWLING INSECTS: Ants, Cockroaches, Crickets, Centipedes and Silverfish. Spray infested surface of patio or picnic area killing as many insects as possible. Also spray legs of tables and chairs to repel ants. Spray ant hills for best control.

FOR USE IN GARBAGE CANS: Empty garbage cans and clean thoroughly. Spray the entire inside surfaces of garbage can or dumpster liberally to wet surfaces. Spraying the immediate vicinity of the cans and dumpsters is also desirable. Be sure to reset the garbage can or dumpster lid securely after spraying. It is recommended that cans be kept in as sanitary condition as possible.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Avoid contact with eyes, skin or clothing. Harmful if swallowed. Do not use in serving areas of food processing plants, restaurants or other facilities where food is commercially prepared or processed. In the home cover utensils or wash thoroughly after treatment. Allow all treated items to thoroughly dry before use.

STATEMENT OF PRACTICAL TREATMENT

IF INHALED: Remove victim to fresh air. Apply artificial respiration if necessary, and call a physician.

ENVIRONMENTAL HAZARDS

This pesticide is highly toxic to fish. Do not apply directly to water or wetlands (swamps, bogs, marshes, potholes). Drift from treated areas may be hazardous to organisms in adjacent aquatic sites. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL AND CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply to conduits, motor housings, junction and switch boxes or other electrical equipment because of possible shock hazard. Do not use on surfaces that can be harmed or stained by water.

STORAGE AND CONTAINER DISPOSAL

Do not store near heat or open flame. Keep in locked storage area at temperatures above 32°F. Do not incinerate or puncture. Replace cap and wrap container in several layers of newspaper. Discard in trash.
