SNAIL AND SLUG KILLER PELLETS

LAST-BITE SNAIL & SLUG KILLER PELLETS are a formulated bait for the control of snails and slugs. The pests will be attracted to the pellets and will be killed quickly. These pests are night feeders and their presence can be detected by their shiny mucus-like trails. They seek shelter during the day in protected, cool areas and generally hide in damp locations around flower beds, ornamentals, hedges and especially in low growing cover such as ivy, dichondra lawns, and young bedding plants.

DIRECTIONS FOR USE

LAST-BITE SNAIL & SLUG KILLER PELLETS should be broadcast late in the day, before or after thoroughly wetting the areas suspected to be infested. During periods of damp weather or of continuous watering, the pests multiply rapidly and it may be necessary to re-apply bait at two week intervals—even more frequently during extremely heavy infestations. New broods can usually be controlled by three baitings at ten day intervals. Best results are obtained if soil is wet before use and dry soil should be moistened before application.

BROADCAST SPREADING
OR AFTER SPREADING

A pound of LAST-BITE SNAIL & SLUG KILLER PELLETS will treat approximately 1,000 square feet of surface area. For large areas, it is more economical to purchase 50 pound or 250 pound bags.

WARNING

May be fatal if swallowed. If swallowed induce vomiting. Call physician immediately. Avoid contact with skin, eyes and clothing. Avoid breathing dust. Wash hands with soap and water after use.

Do not apply on fruits, vegetables, or other croplands.

Dispose of empty container or any spillage promptly - burn or bury. Store in a cool, dry place. Dogs may be attracted to this bait - care should be taken to keep these animals out of treated areas.

This product is toxic to wildlife. Birds feeding on treated areas may be killed.

Keep out of reach of children.

NOTICE

THE MAKER'S WARRANTY covers only the product as shown on the label. It does not cover the use of the product in any manner not shown on the label. The user assumes all liability for any damage or injury resulting from the use of the product.
