International Multifoods
Multifoods Tower
Box 2942
Minneapolis, MN 55402

Attention: James O. Penrod

Gentlemen:

Subject: Supersweet Multi-Purpose Disinfectant
EPA Registration No. 7455-1
Your Submission Dated September 18, 1986

The amendment referred to above, submitted in connection with the
Label Improvement Program Notice for Antimicrobial Products Used as Food
Contact Surface Sanitizers, is acceptable provided that you:

1. Make the labeling changes listed below before you release the
   product for shipment bearing the amended labeling.

   a. On the right panel under the heading IMPORTANT change the
      sentence starting with "Materials to be sanitized and . . ."
      to read "Materials to be treated and . . . ."

   b. On the right panel, replace the heading "HATCHERIES" with
      the term HATCHERIES DISINFECTION."

   c. On the right panel, replace the sentence starting with "For
      egg dipping . . ." with the following heading and a separate
      paragraph.

          FOR DIPPING HATCHING EGGS:  One ounce of
          SUPERSWEET MULTI-PURPOSE DISINFECTANT in
          4 gallons (200 ppm) of water is recom-
          mended.  Only clean eggs should be used
          for sanitizing.  Dip, remove, drain, air
          dry.  Sanitizing solution should be
          warmer than the eggs, but not over 130 °F.

EPA Form 1320-1 (4-81)                                    OFFICIAL FILE COPY

You may wish to contact the Bureau of Veterinary Medicine, Food and Drug Administration concerning this claim.

d.  On the right panel, change the sentence under DISINFECTION OF CLOTHING to read as follows:

Prior to washing rinse and remove gross filth, then soak clothing . . . .

2.  Submit five (5) copies of your final printed labeling before you release the product for shipment.

Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

John H. Lee
