#### DIRECTIONS

**CATTLE** (Beef and Dairy) to control Hornflies, Houseflies, Stable Flies, Face Flies, apply 1 to 2 fluid ounces of Dairy Mist Spray Solution per animal as a mist spray daily with hand or automatic sprayer. Apply spray so as to wet the hair. DO NOT apply in excess of 2 fluid ounces per animal per day.

FOR FOGGING: Use of a 1% dichlorvos fogging spray out of doors should be limited to use by or under the direction of trained personnel. The product should be applied at the rate of 0.05 to 0.1 pounds of actual dichlorvos per acre (5-10 pints per acre), to control Flies, Mosquitoes and Gnats. Apply dense fog when wind is calm. Do not contaminate food crops.

For fogging indoors for Flies, Gnats and Mosquitoes, use no more than one gallon every 64,000 cu. it. When fogging indoors, eliminate all sources of ignition (pilot lights, fires, open flames) and disconnect electrical power. Before applying, reduce air movement as much as possible by closing doors, windows and other openings. Apply 1-5 seconds per 1000 cu. ft. DO NOT contaminate water, feed or foodstuffs, milk or milking utensils. DO NOT use this solution for fogging purposes in areas where animals have received direct application within 8 hours. The use of 1% dichlorvos (DDVP) spray in Food Processing Plants, Restaurants and Warehouses must be limited to application by Pest Control Operators. DO NOT treat food processing areas of food processing plants while in operation. HOUSEHOLDS SHOULD BE TREATED BY A PEST CONTROL OPERATOR.

Occupants should vacate premises before indoor treatments and should not reoccupy the premises until it has been ventilated. After application open several windows and doors to create air currents to ensure reduction of Vapona Insecticide vapors. Food should be removed and food handling equipment covered with wrapping paper during application. or washed after application is completed. During fogging or mist spraying indoors. use mask or respirator of a type passed by the U.S. Bureau of Mines for DDVP (Vapona Insecticide) protection. DO NOT FOG INTO OR NEAR AN OPEN FLAME.

ANIMAL BUILDINGS (Horse Barns, Dairy Barns, Shelter Sheds, Milk Sheds). To control Flies, Gnats. Mosquitoes. Roaches. Fleas. Ants. Sowbugs. Brown Dog Ticks. Ants. Spiders and Silverlish. Apply 1 pt. of 1.0% solution as a coarse, wet spray per 1.000 sq. ft. Treat around doorways, teed storage rooms. alleyways and window sills. For control of Fly Maggots in maggot breeding areas, apply at the rate of 1 to 2 pts. per 100 sq. ft.
