DIRECTIONS FOR USE - GENERAL CLASSIFICATION

Rabon 7.76% Premix is a contact insecticide for use on a wide range of insects. It is effective against many of the insects that cause damage to livestock and poultry. It is also effective against many of the insects that cause damage to stored grain and feed.

Start treating Rabon 7.76% Premix in the spring before flies begin to appear and continue to treat throughout the summer months. Rabon 7.76% Premix is also effective against house flies, stable flies, and other biting insects.

Use Rabon 7.76% Premix in the following situations:

1. To prevent the development of house flies, stable flies, and other biting insects in the manure of treated cattle and horses. Rabon 7.76% Premix is also effective against existing infestations.

2. In some cases, supplementary control measures may be required, and arranged with the manufacturer of the feed. These measures include the use of insecticides and other measures to control house flies and other biting insects.

3. To control house flies, stable flies, and other biting insects in stored grain and feed. Rabon 7.76% Premix should be used in conjunction with other grain storage and sanitation practices.

4. Rabon 7.76% Premix is also effective against many of the insects that cause damage to stored grain and feed. It is also effective against many of the insects that cause damage to livestock and poultry.

5. Rabon 7.76% Premix is also effective against many of the insects that cause damage to stored grain and feed. It is also effective against many of the insects that cause damage to livestock and poultry.

6. Rabon 7.76% Premix is also effective against many of the insects that cause damage to stored grain and feed. It is also effective against many of the insects that cause damage to livestock and poultry.

7. Rabon 7.76% Premix is also effective against many of the insects that cause damage to stored grain and feed. It is also effective against many of the insects that cause damage to livestock and poultry.

8. Rabon 7.76% Premix is also effective against many of the insects that cause damage to stored grain and feed. It is also effective against many of the insects that cause damage to livestock and poultry.

9. Rabon 7.76% Premix is also effective against many of the insects that cause damage to stored grain and feed. It is also effective against many of the insects that cause damage to livestock and poultry.

10. Rabon 7.76% Premix is also effective against many of the insects that cause damage to stored grain and feed. It is also effective against many of the insects that cause damage to livestock and poultry.

CAUTION

Rabon 7.76% Premix is a contact insecticide. It is highly toxic to many insects, including house flies, stable flies, and other biting insects. It is also toxic to many other insects, including bees, butterflies, and other beneficial insects. Use Rabon 7.76% Premix carefully to avoid harming these insects.

Rabon 7.76% Premix is also toxic to many other insects, including bees, butterflies, and other beneficial insects. Use Rabon 7.76% Premix carefully to avoid harming these insects.

Use Rabon 7.76% Premix only as directed. Do not use Rabon 7.76% Premix on humans or animals. Rabon 7.76% Premix is not for use on food crops. Rabon 7.76% Premix is not for use on ornamental plants. Rabon 7.76% Premix is not for use on lawns. Rabon 7.76% Premix is not for use on trees. Rabon 7.76% Premix is not for use on shrubs. Rabon 7.76% Premix is not for use on flowers. Rabon 7.76% Premix is not for use on vegetables. Rabon 7.76% Premix is not for use on fruits. Rabon 7.76% Premix is not for use on nuts. Rabon 7.76% Premix is not for use on seeds. Rabon 7.76% Premix is not for use on grain. Rabon 7.76% Premix is not for use on feed. Rabon 7.76% Premix is not for use on any other food or feed product.

Attn: Dr. Lynn G. Blaylock

Dear Dr. Blaylock:

Subject: Amendment - Add Swine
Supersweet Rabon 7.76% Premix
EPA Reg. No: 7455-23
Your Letter: July 27, 1982

The amendment referred to above, submitted in connection with registration under FIFRA Sec. 3(c)(7)(A), is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA Sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA Sec. 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

George T. LaRocca
