

PLEASE READ ENTIRE LABEL BEFORE USING

LIQUID HOE is a powerful, fast-acting, broad-spectrum herbicide. It is very effective against all types of weeds, including annual and perennial grasses, broad-leaved weeds, and vines. It is also effective against weeds growing in cracks and crevices, along sidewalks, and in other areas where weeds are a problem. LIQUID HOE is a concentrate and must be diluted before use. It is safe for use on non-crop lands and paved areas.

RATES OF APPLICATION

The rate of application of LIQUID HOE depends upon the type of weed and the type of area being treated. For general weed control on non-crop lands and paved areas, apply 1/2 to 1 gallon of concentrate per 100 square feet. For control of weeds in cracks and crevices, apply 1/4 to 1/2 gallon of concentrate per 100 square feet.

GENERAL INFORMATION

LIQUID HOE is a powerful, fast-acting, broad-spectrum herbicide. It is very effective against all types of weeds, including annual and perennial grasses, broad-leaved weeds, and vines. It is also effective against weeds growing in cracks and crevices, along sidewalks, and in other areas where weeds are a problem. LIQUID HOE is a concentrate and must be diluted before use. It is safe for use on non-crop lands and paved areas.

LIQUID HOE

CONCENTRATE

KILLS GRASS and WEEDS

CONTAINS 1/2 POUND OF UROX* PER GALLON

FOR GENERAL WEED CONTROL ON NON-CROP LANDS AND PAVED AREAS*

*Urox is a Registered TM Allied Chemical Corporation

ACTIVE INGREDIENT*

Momuron Trichloroacetate (3,3,3-trichloro-1,1,1-trimethyl-2-methyl-2-propanol)

Aromatic Petroleum Derivative

INERT INGREDIENTS

U.S. Patent Nos. 2,782,442 and 2,801,911

119%
91.62%
5.14%

CAUTION - Keep Out of Reach of Children
