Phone to Physician. Emergency Information - call (214) 931-8899

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not contaminate reservoirs, lakes, ponds or streams by cleanup of equipment or disposal of excess. Disposal of wastes by dumping in restricted lands away from water supplies.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

PROHIBITIONS

Do not contaminate water. Hold or feed by storage, disposal or cleaning of equipment. Open dumping is prohibited. Do not mix with strong oxidizers.

STORAGE

Keep pesticide in original container. Do not cut, crush, tear or staple into food or drink containers. Store in cool, dry place. Protect from excessive heat. Do not store or transport near food or feed.

PESTICIDE DISPOSAL

Pesticide, spray mixture or residue that cannot be used, or chemically impure should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies.

CONTAINER DISPOSAL

Dispose of in an incinerator or landfill approved for pesticide containers, or bury in a safe place.

GENERAL

Consult federal, state, or local disposal authorities for approved alternative procedures such as buried open burning.

Gustafson VITAVAX® CAPTAN 20-20 Seed Protectant

DIRECTIONS FOR USE

GUSTAFSON VITAVAX CAPTAN 20-20 Seed Protectant is a formulation specifically designed for treatment of wheat, oat and barley seed on the farm at planting time. It controls covered smut (Trichalybea sativa and Trichalybea sativella) and loose smut (Ustilago nuda) on wheat, covered smut (Ustilago tritici) and loose smut (Ustilago avenae) of oats and covered smut (Ustilago hordei) and loose smut (Ustilago nuda) of barley. It also tends to reduce seed rot and scabbing (light caused by soil fungi).

Wheat
Oats
Barley

Use 4 oz. per 100 lbs. of seed

Apply as a drill box treatment, mixing thoroughly with the seed before planting. For best results, the following procedure is suggested. Fill drill box only half full of seed and add the required amount of GUSTAFSON VITAVAX CAPTAN 20-20 Seed Protectant and mix thoroughly with a stick. Then add remainder of seed to drill box and add the rest of the required amount of product to the seed again stirring thoroughly.

Good results are also obtained by premixing seed with the product in a suitable container, then pouring treated seed into drill box.

USE RESTRICTIONS

Do not leave treated seed for food or feed purposes. Do not pour or feed treated seed on treated areas for six weeks after planting. Care must be exercised in the handling of treated seed.

AM-AD ENTIRE LABEL USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.

WARRANTY STATEMENT

Gustafson warrants that the product conforms to the chemical description on the label and is reasonably fit for purposes stated on the label only when used in accordance with directions and instructions specified on the label. Gustafson neither makes nor authorizes any agent or representative to make, sign, or affix any warranty of FITNESS or MERCHANTABILITY, or representation expressed or implied concerning this material. In the event of any breach by Gustafson of the limited warranty, Gustafson shall not be liable for consequential damage.
