<p>SIGNATURE OF APPROVING OFFICIAL _____</p>	<p>DATE <i>4/11/89</i></p>

- c. Under Environmental Hazards, the label must be revised to include the new statement "Do not contaminate water when disposing of equipment washwaters." This should replace the old statement.
- d. Under storage and disposal, change the pesticide disposal instructions to read as follows:

Pesticide Disposal: Pesticides wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed by use according to label instructions, contact your state pesticide or Environmental control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

3. Submit one copy of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely,

Susan T. Lewis
Acting Product Manager (21)
Fungicide-Herbicide Branch
Registration Division (H7505-C)

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
WARNING

Causes eye and skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed or absorbed through the skin. Wash thoroughly with soap and water after handling.

STATEMENT OF PRACTICAL TREATMENT

If in eyes: Flush with plenty of water. Call a physician.
If on skin: Wash with plenty of soap and water. Get medical attention.
If swallowed: Drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available, drink large quantities of water. Avoid alcohol.
If inhaled: See a physician if an abnormal reaction occurs.

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

PHYSICAL AND CHEMICAL HAZARDS

Do not use or store near heat and open flame.

DIRECTIONS FOR USE

It is a violation of federal and state law to use this product in a manner inconsistent with its labeling.
IMPORTANT: Read the entire DIRECTIONS FOR USE and the LIMITED WARRANTY STATEMENT before using this product.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place.

Prohibitions: Do not contaminate water, food or feed by storage, disposal, or by cleaning of equipment. Do not reuse empty container. Open dumping is prohibited.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

RECOMMENDED APPLICATIONS

Wheat And Barley: For control of common root rot (Helminthosporium sativum) and barley leaf stripe, use 0.25 to 0.5 fl. oz. of Gustafson FLO-PRO IMZ Flowable per 100 pounds of seed.

Cotton: For control of Fusarium and Thielaviopsis, use 1.35 to 2.7 fl. oz. of Gustafson FLO-PRO IMZ Flowable per 100 lbs. of seed.

This product is to be applied using commercial slurry or on-farm seed treating equipment. It is recommended that Gustafson FLO-PRO IMZ Flowable be applied in combination with VITAVAX 200 or other flowable suspension seed treatments to provide additional disease control at the respective labeled rates. Pre-test for compatibility with other flowable suspension seed treatments. Do not tank mix Gustafson FLO-PRO IMZ Flowable with E. C. products which contain solvents.

NOTE TO USER: Combination treatments of Gustafson FLO-PRO IMZ Flowable with products containing Lindane may result in delayed emergence and stunting of wheat and barley, however plants will usually outgrow this effect. Do not carry over seed treated with Lindane to the next crop season. Minimize time between treating and planting for such treatments.

USE PRECAUTION: All seed treated with this product must be adequately dyed. Any dye added to treated seed must be cleared for use under 40 CFR 180.1001.

SEED LABELING: Seeds treated with Imaz^aail. Do not use for food, feed or oil purposes. Do not graze or feed foliage from treated area to livestock. Add appropriate language for any additional treatments applied to seed.

NOTICE - READ CAREFULLY LIMITED WARRANTY STATEMENT

Treatment of highly mechanically damaged seed, or seed of known low vigor and poor quality, except for the purposes of curative control of existing disease or insect pests, can result in reduced germination and/or reduction of seed and seedling vigor. Treat and germination test a sample of the seed lot before treating with a selected chemical treatment. Excess seed should not be carried over from one season to the next without re-testing germination. Due to seed quality conditions beyond the control of Gustafson, no claims are made to guarantee germination of carry-over seed.

Gustafson warrants that this product conforms to the chemical description on the label and is reasonably fit for purposes stated on the label only when used in accordance with directions and instructions specified on the label. Gustafson neither makes, nor authorizes any agent or representative to make any other warranty of FITNESS or MERCHANTABILITY, guarantee or representation, expressed or implied, concerning this material. In the event of any breach of this limited warranty, Gustafson shall not be liable for consequential damages.
