Flowable Fungicide

Active Ingredient:
Thiabendazole (2-(4-thiazolyl) benzimidazole) 30%
Inert Ingredients: 70%

**KEEP OUT OF REACH OF CHILDREN
CAUTION**
See Additional Precautionary Statements.

EPA Registration No. 7501-134

**PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Harmful if Swallowed. Do not get in eyes or on skin.
FIRST AID: If in eyes or on skin: Flush with water; for eyes, get medical attention.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Storage: Product freezing temperature is 32° F. Satisfactory utility is restored after thawing and mixing of product stored as low as 0° F. Repeated freezing and thawing should be avoided. Keep cover on opened container to prevent drying. Shake or stir well before using.

Disposal: Prohibitions - Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container.

Pesticide Disposal - Pesticide, spray mixture or residue that cannot be used according to label instructions must be disposed of according to Federal, State or local procedures

Continued Next Column

under the Resource Conservation and Recovery Act. Container Disposal - Triple rinse (or equivalent), then puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

GENERAL: Gustafson LSP is a systemic fungicide especially formulated as a liquid suspension seed protectant for use as a spray mist or slurry seed treatment.

SEED TREATMENT: Clean seed treatment equipment thoroughly before using Gustafson LSP. This product has no vapor action; therefore, it is essential that thorough coverage of the seed be obtained. In this regard, Gustafson LSP is recommended to be dispersed with water to aid distribution on the seed. When dispersed with water, however, the resulting suspension must be kept under constant agitation.

Gustafson LSP is recommended for the control of seed and soil-borne Common Bunt (Stinking Smut) attacking wheat; also aids in control of Dwarf Bunt.

WINTER AND SPRING WHEAT: Control of seed and soilborne Common Bunt (Stinking Smut): For ready mix or slurry seed treaters, disperse 2.0 fl. oz. of Gustafson LSP for seed borne Common Bunt, or 4.0 fl. oz. for soilborne Common Bunt, in an equal amount of water (1:1 ratio) and apply this dispersion per bushel. Keep dispersion under constant agitation.

WINTER WHEAT ONLY: Aids in control of Dwarf Bunt in Colorado, Idaho, Montana, Oregon, Washington, Wyoming, and Utah: For ready mix or slurry seed treaters, disperse 4.0 - 6.0 fl. oz. of Gustafson LSP in an equal amount of water (1:1 ratio) and apply this selected dispersion per bushel. Keep dispersion under constant agitation. For best results against Dwarf Bunt, plant winter wheat treated with Gustafson LSP as late in the growing season as is practical. Use only on normal or late winter wheat plantings. Use the lower rate for late plantings of winter wheat. The level of product effectiveness will vary with the weather conditions and amount of plant growth which occurs prior to the disease infection period.

USE PRECAUTION: When using formulations that do not contain dye, to comply with 21 CFR Chapter 1, Section 2.25 all grain seed treated with an economic poison must be colored with an approved dye (40 CFR 180.1001) to distinguish and prevent subsequent and inadvertent use as a food for man or feed for animals.

COMPATIBILITY: Gustafson LSP should not be tank mixed with any pesticide unless adequate physical compatibility and phyto-

toxicity tests have been completed and proved to be satisfactory.

SEED LABELING: "This seed is treated with Thiabendazole at the manufacturer's recommended rate. Do not use treated seed for food, feed, or oil purposes." Add appropriate information for any other chemical treatments.

**NOTICE - READ CAREFULLY
CONDITIONS OF SALE AND LIMITED WARRANTY
STATEMENT**

Treatment of highly mechanically damaged seed, or seed of known low vigor and poor quality, except for the purposes of curative control of existing disease or insect pests, may result in reduced germination and/or reduction of seed and seedling vigor. Treat and conduct germination tests on a small portion of seed before committing the total seed lot to a selected chemical treatment. Due to seed quality conditions beyond the control of Gustafson, Inc., no claims are made to guarantee germination of carry-over seed.

As its sole express warranty, Gustafson, Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for purposes stated on the label only when used in accordance with directions and instructions specified on the label, subject to the inherent risks set forth above. ONLY AS PERMITTED BY APPLICABLE LAW, IN THE EVENT OF A BREACH OF THIS LIMITED WARRANTY, GUSTAFSON, INC. SHALL NOT BE LIABLE FOR CONSEQUENTIAL DAMAGES. SUBJECT TO APPLICABLE LAW, GUSTAFSON, INC. NEITHER MAKES NOR AUTHORIZES ANY OF ITS AGENTS OR REPRESENTATIVES TO MAKE ANY WARRANTY OF FITNESS OR MERCHANTABILITY, GUARANTY OR REPRESENTATION, EXPRESS OR IMPLIED, CONCERNING THIS MATERIAL. Buyer assumes the responsibility to handle, use and store this product in accordance with the safety instructions and use directions contained on the label.

Buyer/User purchases this product subject to the foregoing Conditions of Sale and Limited Warranty, which, subject to applicable law, may be varied only by a written agreement signed by a duly authorized representative of Gustafson, Inc. If these terms are not acceptable, return all products to the place of purchase, unopened for a full refund.
