CALUSA MILDEW PREVENTIVE

CALUSA MILDEW PREVENTIVE is based on a highly active **TWIN CHAIN** quaternary ammonium compound that prevents musty odors and discoloration on all fabrics due to molds, mildew, and fungi. It provides at least 30 days mildew inhibition when used as directed. It is concentrated and economically designed for commercial and institutional laundry use to be added in the final or sour rinse.

DIRECTIONS

Per 100 lbs. of laundry: For long-lasting protection of 30 days or more against mildew, dilute 5 1/2 fl. oz. CALUSA MILDEW PREVENTIVE in one gallon of water and add to the final or sour rinse. Agitate a minimum of 7 minutes.

ACTIVE INGREDIENTS

Quaternary Ammonium Compound	5.5%
Surfactant	1.0%
INERT INGREDIENTS	93.5%
	100%

EPA Registration No. 7517-10-AA

DANGER: KEEP OUT OF REACH OF CHILDREN

Caution: Do not use on silk, wool, or leather. Do not use on fabrics that are dry-cleaned. Do not use on fabrics that are treated with a water-repellent finish.

First Aid: In case of contact with skin, wash with plenty of water. In case of contact with eyes, flush with plenty of water for at least 15 minutes. If swallowed, do not induce vomiting. Seek medical attention.

NOTE: DO NOT use on fabrics that are dry-cleaned. Do not use on fabrics that are treated with a water-repellent finish.

DIASOF® POWDER

A textile softener with residual bacteriostatic activity that inhibits the growth of pathogenic Staphylococcus aureus and helps minimize cross-infection by contaminated linen in the commercial, industrial, and institutional laundries. A novel triple quaternary blend effectively lubricates fibers for easier laundry handling and labor-saving production benefits. Softens and fluffs all laundry. Eliminates static cling and stops chafing caused by fabric harshness. Pleasantly scented, it counteracts odors to provide a windblown refreshing effect to your sanitary wash.

ACTIVE INGREDIENTS

n-Alkyl (60% C-14, 30% C-16, 5% C-12, 5% C-18)

dimethyl benzyl ammonium chlorides

n-Alkyl (68% C-12, 32% C-14) dimethyl ethylbenzyl ammonium chlorides

ACCEPTED

DIRECTIONS: After souring at a 4 to 6 in. water level, simply add 1½ to 2 oz. by weight of DIASOF POWDER to the sour bath per 100 lbs. of clean dry weight of diapers or other washable fabric for a minimum of five minutes. Starch, if used, should be added two minutes after the DIASOF POWDER. This special treatment is an adjunct to standard laundry routine and is designed to demonstrate growth inhibiting activity against Gram-negative bacteria such as Pseudomonas at the recommended use concentrations.

DANGER: Keep Out of Reach of Children. Corrosive. Causes eye damage and skin irritation in eyes, on skin or on clothing. Protect eyes and skin when handling. Harmful if swallowed. Contamination of food.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if none available, drink large quantities of water. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

NOTE: Before discarding empty container, rinse it thoroughly with water.
