

**GENERAL INFORMATION**

FOR USE IN FOOD SERVICE AREAS OF PUBLIC EATING PLACES, HEALTH-CARE FACILITIES, SCHOOLS AND BARS:

O-SAN is an acid-anionic type sanitizer for glassware and other utensil sanitation. It is for bar glassware because it has no odor in use dilution and completely eliminates problems from water hardness minerals. It provides a brilliant, odor-free glistening glass after every wash-sanitize cycle and keeps glassware, drainboards and sinks free of hardwater film. O-SAN is registered as a "no-rinse" sanitizer.

USE DILUTION: 1 ounce to 2 gallons

PHOSPHOROUS CONTENT: Not over 6.5%

**DIRECTIONS FOR USE**

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH THE LABELING. READ AND UNDERSTAND LABEL AND MATERIAL SAFETY DATA SHEET BEFORE USE.

1. Pre-rinse and/or scrape utensils and glasses where possible.
2. Wash in a recommended manual detergent.
3. Rinse with clean water.
4. Sanitize in a solution of 1 ounce of O-SAN to 2 gallons of water (200 ppm). Check solution with short range (3.0-5.5) pH papers. 200 ppm = 4.5 pH. If pH reads greater than 4.5, add more product to solution and check pH again. If pH reads less than 4.5, dilute solution with water and check again.
5. Place sanitized utensils on a CLEAN, SANITIZED rail or drainboard to air dry.

NOT recommended for use in galvanized sinks. Do not mix with chlorine, lye, washing powders, or household chemicals.

\* p.p.m. means "parts per million" active sanitizer.

**STORAGE AND DISPOSAL**

Storage: Store in a cool, dry place. Store in original container only. Pesticide Disposal: Pesticide Wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or residue is a violation of Federal Law. If these wastes cannot be used according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
