COPY

Subject: Chlor-Bac
EPA Reg. No. 7546-17
Application Dated: September 20, 2010
Receipt Date: September 22, 2010

Dear Ms. Miller:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable.

Proposed Amendment:

- Label revision per Agency letter dated September 13, 2010

General Comments

A stamped copy of the accepted labeling is enclosed. Submit 1 copy of your final printed label before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact me at Henson.Wanda@epa.gov or call (703) 308-6345.

Sincerely,

A handwritten signature in black ink that reads "Wanda Henson".

CHLOR-BAC

Powdered Chlorinating Sanitizer for Shake and Soft Serve
Machines, Kitchen Utensils and Equipment

Active Ingredient:

Sodium dichloro-s-triazinetriane dihydrate	25.0%
Other Ingredients.....	75.0%
Total	100.0%

Available Chlorine 14.0%

KEEP OUT OF REACH OF CHILDREN

DANGER

FIRST AID

Call Poison Control Center or doctor immediately for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

If Swallowed

Have person sip a glass of water if able to swallow.
Do not induce vomiting unless told to do so by the poison control center or doctor.
Do not give anything by mouth to an unconscious person.

If in Eyes

Hold eye open and rinse slowly and gently with water for 15-20 minutes.
Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

If on Skin or Clothing

Take off contaminated clothing.
Rinse skin immediately with plenty of water for 15-20 minutes.

If Inhaled

Move person to fresh air.
If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.

For Medical Emergency ONLY call: 24 Hour Emergency Response Number 1-866-923-4913.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.
(See additional precautions on [side][back] panel)

GENERAL INFORMATION

CHLOR-BAC is primarily designed for last tank bar glass sanitization, but is also effective on pots, pans, utensils and equipment. **CHLOR-BAC** has a very low odor level which will leave glasses without a characteristic chlorine odor after sanitizing. It is an excellent rinser and leaves glassware sparkling.

[Label note: This product is sold in packets/pouches and in canisters without packets; the specific marketing container and target customer will determine which of the following directions will be used on a specific label and the order in which they will be used.]

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling
READ AND UNDERSTAND LABEL AND MATERIAL SAFETY DATA SHEET (MSDS) BEFORE USE.

Sanitizing Utensils and Glasses (for canister use)

1. Pre-flush and/or scrape utensils and glasses where possible.
 2. Wash in a recommended manual detergent.
 3. Rinse with clean water.
 4. Sanitize in a solution of 1/2 an ounce **CHLOR-BAC** to 5 gallons of water (100 *ppm)
 5. Check solution with chlorine test papers or a liquid chlorine test kit.
 6. Place sanitized utensils on a CLEAN, SANITIZED rail or drainboard to air dry.
- (*ppm means parts per million of available chlorine)

Sanitizing Utensils and Glasses (for pouch use)

1. Pre-flush and/or scrape utensils and glasses where possible.
 2. Wash in a recommended manual detergent.
 3. Rinse with clean water.
 4. Sanitize in a solution of this pouch of **CHLOR-BAC** to 3 1/2 gallons of water (100 *ppm).
Check solution with chlorine test papers or a liquid chlorine test kit.
 5. Place sanitized utensils on a CLEAN, SANITIZED rail or drainboard to air dry.
- (*ppm means parts per million of available chlorine.)

Shake and Soft Serve Machines Sanitizing Procedures (for packet use)

1. Following manufacturer's instructions, reassemble the machine.
2. Prepare a sanitizing solution by dissolving 1 packet of **CHLOR-BAC** in 3 1/2 gallons of lukewarm water.
3. Sanitize the interior of the machine by activating the Wash cycle and filling the cylinder and feed tubes with the sanitizing solution. Allow the Wash cycle to run for 5 minutes.
4. Drain the solution from the machine. Turn machine to the Off position.
5. Repeat the sanitizing procedure for machines with two freezing cylinders. **DO NOT RINSE.**

NOTE: Consult local ordinances for possible variation in procedures.

[Brackets indicate optional statements or comments and are not part of labeling]

Shake and Soft Serve Machines Cleaning Procedures

1. Remove mix from the machine. If local health codes permit rerun, place mix in sanitized rerun container and store in refrigerated cooler.
2. Rinse the interior of the machine (cylinder, feed tubes, etc.) by activating the Wash cycle and drawing through 2 gallons of lukewarm water. Repeat the rinsing procedure until the water runs clear. Turn the machine to the Off position.
3. Prepare a cleaning solution of **CHLOR-BAC** by dissolving 1 packet in 3 1/2 gallons of lukewarm water.
4. Clean the interior of the machine by activating the Wash cycle and filling the cylinder and feed tubes with the cleaning solution. Turn the machine to the Off position. Brush clean the feed tube and inlet hole. With the cleaning solution in the cylinder, reactivate the Wash cycle and allow to remain on for 5 minutes.
5. Drain the solution from the machine. Turn machine to the Off position.
6. Remove and completely disassemble all machine parts (door, blades, pump, etc.).
7. Brush wash all disassembled parts in a suitable detergent in a clean sink.
8. Rinse thoroughly under clean running water.
9. Sanitize parts by immersing for at least 1 minute in a fresh **CHLOR-BAC** solution (1 packet dissolved in 3 1/2 gallons of lukewarm water).
10. Remove parts and allow to air dry.
11. Repeat the cleaning procedure for machines with two freezing cylinders.

STORAGE AND DISPOSAL

Do not contaminate food or feed by storage, disposal or cleaning of equipment.

PESTICIDE STORAGE: Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: NONREFILLABLE NON-RIGID CONTAINERS: *Note to reviewer: Several of our packaging options are Bag-in-Box containers (a plastic bag liner supported inside a box or drum) or are flexible pouch containers. These flexible containers are exempt from the triple rinsing requirements. We will use the following text on these container types:*

Nonrefillable container. Do not reuse or refill this container. Completely empty (liner) (pouch) by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of (liner) (pouch) in a sanitary landfill or by incineration if allowed by State and local authorities. (Offer drum or box for recycling or reconditioning if available.)

PRECAUTIONARY STATEMENTS

[Brackets indicate optional statements or comments and are not part of labeling]

HAZARD TO HUMANS AND DOMESTIC ANIMALS

DANGER. Corrosive. Causes irreversible eye damage. May be fatal if inhaled. Causes skin irritation. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Do not breathe dust. Wear goggles or face shield. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash before reuse.

PHYSICAL AND CHEMICAL HAZARDS

Strong Oxidizing Agent: DO NOT MIX WITH ACIDS. Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to a fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion.

[In accordance with PR Notice 95-1, the following is only for use on labels for product with a net weight of 50 pounds or more.]

Environmental Hazards

This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
