ALGAE & SLIME CONTROL NR-M REGULAR LIQUID

ACTIVE INGREDIENTS

Disodium Cyanodithioimidocarbonate
Potassium N Methylthiocarbamate

3.68%
5.07%

8.75%

Weight of active ingredients.
0.77 pounds per gallon

INERT INGREDIENTS

91.25%

Weight per gallon 8.81 pounds

Changes in temperature create air pressure inside drums. Unscrew plug slowly, allowing air to escape before completely removing.

Algae & Slime Control NR-M Regular Liquid is for control of algae in recirculating water cooling towers in schools, hotels, hospitals and industry.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

INITIAL DOSE: When microbial growth is evident, apply 6.9 to 13.9 fl. oz. per 1,000 gallons of water contained in the system. Repeat dosage until control is evident. **SUBSEQUENT DOSE:** When control is evident apply 2.3 to 13.9 fl. oz. per 1,000 gallons of water contained, every 1 to 5 days, or as needed. Product may be applied at any point in the system where good mixing occurs. Badly fouled systems must be cleaned before treatment is begun.

STORAGE AND DISPOSAL

PROHIBITIONS: Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container.

PESTICIDE AND CONTAINER DISPOSAL: Triple rinse container and add rinsate to system according to the dosage given above. Dispose of container in an incinerator or landfill approved for pesticide containers, or bury in a safe place.

GENERAL: Consult Federal, State, or local disposal authorities for approved procedures.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public water, unless in accordance with an NPDES Permit. For guidance, consult the Regional Office of the Environmental Protection Agency.

KEEP OUT OF REACH OF CHILDREN
DANGER

Causes eye damage and skin irritation. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.
PRACTICAL TREATMENT: *In case of skin contact,* wash with plenty of soap and water. Remove contaminated clothing and wash before reuse. *If product gets in the eyes,* flush immediately with copious amounts of clean, cool water for at least 15 minutes. Get medical attention immediately. *If swallowed,* call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. *Do not induce vomiting or give anything by mouth to an unconscious person.*

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.
