

FORMULA 614

FOR CONTROL OF ALGAE & BACTERIAL & FUNGAL SLIMES IN INDUSTRIAL RECIRCULATING
COOLING TOWERS, AIR WASHERS AND/OR EVAPORATIVE CONDENSERS
FOR INDUSTRIAL USE ONLY

ACTIVE INGREDIENT

Sodium dichloro-s-triazinetrionate, dihydrate

11.25

INERT INGREDIENTS

Includes stabilizing & dissolving agents

88.75

Available chlorine, 6.6%

DIRECTIONS FOR USE

INITIAL DOSE: When system is noticeably fouled, apply 1.0 to 2.0 pounds of Formula 614 per 1000 gallons of water in the system. Repeat initial dosage until 1 ppm chlorine residual is established, as determined by a chlorine test kit.

SUBSEQUENT DOSE: When microbial control is evident, apply 1.2 to 1.0 pound per 1000 gallons of contained water. Repeat as needed to maintain 1 ppm of chlorine residual in the recirculating water for at least 4 hours. Test water frequently enough to insure proper chlorine residual. This product should be applied to the water basin at a point where good mixing occurs. Bally fouled systems must be cleaned before treatment is begun.

DANGER:

KEEP OUT OF REACH OF CHILDREN

Corrosive. Causes eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Irritating to nose and throat. Avoid breathing dust. May cause burns to broken skin. Wash hands after handling.

FIRST AID: If swallowed, eat of good cooked cereal or bread soaked in milk. If lowered by olive oil or cooking oil. In case of personal contact, remove excess material and flush skin or eyes with cold water for at least 15 minutes. For eyes, get medical attention. Remove and wash contaminated clothing before reuse.

CHEMICAL HAZARDS - STRONG OXIDIZING AGENT: Mix only with water. Use clean dry utensils. Contamination by moisture, organic matter, or other chemicals may liberate hazardous gases. Store in a cool, dry, well-ventilated area away from heat or open flame. Decomposes at 350°-475°F with liberation of harmful gases. In case of decomposition, if possible, isolate container in open air. Flood with large amounts of water. Keep container tightly closed when not in use. Rinse empty container thoroughly with water to dissolve all material before discarding.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public waters. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on the label.
