

SPA-KEM

fast dissolving • stabilized

Chlorinating Granules

ACTIVE INGREDIENT:
Sodium dichloro-s-triazinetriene 99%
INERT INGREDIENTS: 1%
Available Chlorine 62%

KEEP OUT OF REACH OF CHILDREN

DANGER

See back panel for first aid statement and other precautions

NET WT 32 OZ (2 LBS)

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Highly irritant. Causes eye and eye irritation. May be fatal if swallowed. Avoid contact with eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritation to nose and throat. Avoid breathing dust. Rinse and wash contaminated clothing.

ENVIRONMENTAL HAZARDS: This product is toxic to aquatic life. Do not discharge into streams, rivers, lakes, ponds, or other surface waters. Dispose of according to local, state, or federal regulations. Refer to the EPA Hazardous Waste Identification System (HWIS) for more information.

PHYSICAL AND CHEMICAL HAZARDS

STRONG OXIDIZING AGENT: Causes fire and explosion. Avoid contact with water. Use only in well-ventilated areas. Do not use in confined spaces. Do not use near heat, sparks, or open flames. Do not use in the presence of combustible materials. Do not use in the presence of organic materials. Do not use in the presence of acids. Do not use in the presence of bases. Do not use in the presence of oxidizing agents. Do not use in the presence of reducing agents. Do not use in the presence of flammable liquids. Do not use in the presence of flammable solids. Do not use in the presence of highly flammable liquids. Do not use in the presence of highly flammable solids. Do not use in the presence of extremely flammable liquids. Do not use in the presence of extremely flammable solids.

PRACTICAL TREATMENT (FIRST AID)

Eye Contact: Flush eyes with water for at least 15 minutes. Get medical attention immediately.

Inhalation: Move to fresh air. If breathing is difficult, get medical attention immediately.

Swallowing: Do not induce vomiting. Rinse mouth with water. Get medical attention immediately.

Skin Contact: Wash contaminated skin with soap and water for at least 15 minutes. Get medical attention immediately.

DIRECTIONS OF USE

For use in swimming pools, spas, hot tubs, and other recreational water facilities.

1. **TESTING:** Before using, test the water for pH, chlorine residual, and alkalinity using a suitable test kit. Adjust chlorine residual to 3.0 ppm. After bathing, replenish rate to 8.0 ppm if level table-top chlorinator is used. Use a chlorine stabilizer to protect against chlorine loss. Maintain pH of water between 7.4 and 7.8.

2. **APPLICATION:** Add 1.0 lb of SPA-KEM to 10,000 gallons of water. For 100,000 gallons of water, add 10.0 lbs of SPA-KEM. For 200,000 gallons of water, add 20.0 lbs of SPA-KEM. For 300,000 gallons of water, add 30.0 lbs of SPA-KEM. For 400,000 gallons of water, add 40.0 lbs of SPA-KEM. For 500,000 gallons of water, add 50.0 lbs of SPA-KEM.

3. **STORAGE AND DISPOSAL:** Store in a cool, dry place. Do not store near heat, sparks, or open flames. Do not store near organic materials. Do not store near acids. Do not store near bases. Do not store near oxidizing agents. Do not store near reducing agents. Do not store near flammable liquids. Do not store near flammable solids. Do not store near highly flammable liquids. Do not store near highly flammable solids. Do not store near extremely flammable liquids. Do not store near extremely flammable solids.

STORAGE AND DISPOSAL

Store in a cool, dry place. Do not store near heat, sparks, or open flames. Do not store near organic materials. Do not store near acids. Do not store near bases. Do not store near oxidizing agents. Do not store near reducing agents. Do not store near flammable liquids. Do not store near flammable solids. Do not store near highly flammable liquids. Do not store near highly flammable solids. Do not store near extremely flammable liquids. Do not store near extremely flammable solids.
