ALGY BAR™ 206

For Prevention and Treatment of Pool Algae Non-Foaming • Advanced Formula

ACTIVE INGREDIENT Poly [oxyethylene (dimethyliminio) ethylene (dimethyliminio) ethylene dichloride] 6%
INERT INGREDIENTS 94%

KEEP OUT OF REACH OF CHILDREN

CAUTION

See back panel for first aid statement and other precautions.

NET CONTENTS: 1 GALLON (128 FL. OZ.)

The presence of algae in swimming pools is objectionable and can be difficult to remove. Algy Bar™ 206 helps prevent the growth of chlorine-resistant algae, (such as mustard and "black" algae). It also acts as an added defense against algae due to low chlorination periods. Once started, algae greatly increases chlorine demand and the associated increased cost.

Spa Maintenance Tips:

In order to insure the maximum effectiveness of Algy Bar™ 206 super-chlorinate with sufficient chlorinating product (such as Spa Kem Granules™) to produce a chlorine reading of 5 to 10 ppm. Remove all debris from the water by sweeping and filtering or vacuuming. In order to aid in the removal of the very fine particles resulting from the affected algae, the use of Spa Kem Water Clarifier is recommended. Always maintain pH at 7.2 to 7.6 and a free chlorine residual of 2 to 3 ppm using a reliable test kit.

Pool Maintenance Tips:

In order to insure the maximum effectiveness of Algy Bar™ 206 super-chlorinate with sufficient chlorinating product (such as Kem Tek Shock™) to a chlorine of 5 ppm. Remove all debris from the water by vacuuming or sweeping and filtering. In order to aid in the removal of the very fine particles resulting from the affected algae, the use of Kem Tek Water Clarifier is recommended. Always maintain pH at 7.2 to 7.6 and a free chlorine residual of 1 to 2 ppm using a reliable test kit.

Directions For Use

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Freshly Filled and/or Algae-Free Spas:

Add 3 to 5 ounces of Algy Bar™ 206 per 500 gallons of water. Add 1 to 3 ounces weekly as a maintenance dose to prevent the growth of algae.

Visible Algae Growth:

Add an initial dose of 5 to 8 ounces of Algy Bar™ 206 per 500 gallons of water. Thereafter add 1 to 3 ounces (per 500 gallons) weekly to prevent re-growth of algae.

Freshly Filled and/or Algae-Free Swimming Pools:

Add 69 to 97 ounces of Algy Bar™ 206 per 10,000 gallons of pool water. Add 24 to 48 ounces (per 10,000 gallons) weekly as a maintenance dose to prevent algae growth through the swimming season.

Visible Algae Growth:

Add an initial dose of 97 to 150 ounces of Algy Bar™ 206 per 10,000 gallons of water to rid the water of algae. Thereafter add 24 to 48 ounces (per 10,000 gallons) weekly during the swimming season to prevent re-growth of algae.

Precautionary Statements

Hazards to Humans and Domestic Animals.

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin.

Chemical Hazards: Mildly corrosive. Do not mix with acids, ammonia, oxidizers, bleach or other household chemicals.

FIRST AID

If Swallowed	<ul style="list-style-type: none">• Call a poison control center or doctor immediately for treatment advice.• Have person sip a glass of water, if able to swallow.• DO NOT induce vomiting unless told to do so by a poison control center or doctor.• Do not give anything by mouth to an unconscious person.
If In Eyes	<ul style="list-style-type: none">• Hold eye open and flush with plenty of water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
If On Skin or Clothing	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor for treatment advice.
If Inhaled	<ul style="list-style-type: none">• Move person to fresh air.• If person is not breathing, call 911 or an ambulance, then give artificial respiration preferably mouth-to-mouth if possible.• Call a poison control center or doctor for treatment advice.

Place the product container of ALGY BAR™ 206 near you when calling a poison control center or doctor, or going for treatment.

Environmental Hazards: This product is toxic to fish.

STORAGE AND DISPOSAL

STORAGE: Keep product in tightly closed container when not in use. Store in cool, dry, well-ventilated area away from heat or open flame. **DISPOSAL:** If empty: Do not reuse container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
