**FILE COPY**

Subject: Shock Power 67  
EPA Registration No.7616-78  
Application Date: March 09, 2009  
Receipt Date: March 17, 2009

Dear Mr. Somesla:

The following notification submitted in connection with registrations under the provisions of PR Notice 98-10, Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(c)9 is acceptable.

**Proposed Notification:**

- Revising "Storage and Disposal" language per PR Notice 2007-4.

**Comments:**

Based on a review of the material submitted, the following comments apply:

This application for notification to revise the "Storage and Disposal" language per PR Notice 2007-4, as referenced above, is acceptable. A copy has been placed in your file for future reference.

Should you have any questions or comments concerning this letter, please contact me at [Henson.Wanda@epa.gov](mailto:Henson.Wanda@epa.gov) or call (703) 308-6345.

Sincerely,

Wanda Y. Henson

RE: Unacceptable Notification for update of Storage and Disposal per PR Notice 2007-4

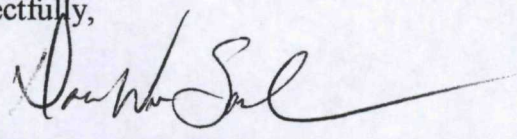

Dear Ms. Henson:

The company's existing stock of labeling for products registered under the master label **SHOCK POWER 67; EPA Reg. No. 7616-78** is getting close to depletion. I was hoping that any changes or updates needed to the label be made before reordering. However, at this time, the updating of the **STORAGE AND DISPOSAL** statement for this label is at a halt because of the conflict between our understanding of label statements and yours. The last Notification sent was found unacceptable because it lacked a statement that according to our understanding of the Label Review Manual; Chapter 13: Storage and Disposal does not apply to the product as it is for residential/household use.

If you agree that our product does indeed fall under the exemption stated in the Label Review Manual; Chapter 13: Storage and Disposal, I ask that you please reconsider the **STORAGE AND DISPOSAL** statement on the label last submitted for the Notification dated 12/19/2010 (attached). This statement would also be more appropriate as it would match up to our other similar products' accepted **STORAGE AND DISPOSAL** statements. But if you conclude otherwise and to expedite a resolution to this matter, a revised label containing the statement per your last letter received (attached) has been enclosed for your review as well.

Should you need to contact me I can be reached by e-mail at [dana@kem-tek.com](mailto:dana@kem-tek.com) or by telephone at (909) 390-9912.

Respectfully,

Dana Wm. Somesla, Chemist  
Chem Lab Products, Inc.

### The SUPER SHOCK QUICK™ Advantages:

This special blend of ingredients (patent pending) does it all. SUPER SHOCK QUICK® works fast allowing swimmers back into the pool in just 15 minutes. This is a premium grade shock product, so it takes only 10 oz. of SUPER SHOCK QUICK to treat 12,000 gallons of pool water.  
 SUPER SHOCK QUICK™ can be added directly into the water without pre-dissolving and it is ideal for all types of swimming pools. It destroys swimmer wastes and other impurities that cause cloudy water. SUPER SHOCK QUICK® dissolves faster than ordinary shock products without leaving residue. It does not increase the pH of the pool water or contain calcium that causes scale build-up. DO NOT PRE-DISSOLVE IN CONTAINER (ie. bucket) BEFORE APPLYING.

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.  
**DAILY USE:** After steps 1 and 2, regularly check chlorine residual with a test kit and chlorinate daily or as needed to maintain 1.0 to 1.5 ppm residual chlorine. NOTE: 2 1/4 ounces of this compound per 10,000 gallons of pool water will increase an existing chlorine level by 1.0 ppm (1/8 rounded measuring cup = 1 oz.).

### WEEKLY USE:

1. Check the pH of the pool water daily, adding sodium bisulfate (KEM TEK pH MINUS (-)) or soda ash (KEM TEK™ pH PLUS (+)) or equivalent products as necessary to maintain pH in the 7.2-7.6 range.
2. SUPER SHOCK QUICK is made up of fine particles that dissolve almost instantly when applied to water. Use the entire bag for each application (if applicable). For best results, pour a steady stream of SUPER SHOCK QUICK™ into the deep end of the pool or pour into the skimmer with the pump operating. Pour near the water surface (particularly if the wind is present while applying) to ensure the entire dose enters the water.
3. Operate the pump system 48 hours (minimum) after applying SUPER SHOCK QUICK™.
4. Use 10 oz. of SUPER SHOCK QUICK™ to treat 12,000 - 15,000 gallons of pool water every week for best results.

**SUPER CHLORINATION:** Whenever the pool water loses its sparkle, turns green, or the chlorine residual falls rapidly after regular chlorination, super chlorination is recommended. During the summer months, water should be super chlorinated with 1 lbs. per 10,000 gallons of pool water every 10 to 14 days. Do not use the pool until the chlorine residual has dropped to 3 ppm.

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMAN AND DOMESTIC ANIMALS**  
**DANGER**

Corrosive: Causes irreversible eye damage and skin burns. May be fatal if absorbed through the skin. May be fatal if inhaled. Do not breathe dust or spray mist. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash clothing before reuse.

### ENVIRONMENTAL HAZARD

This pesticide is toxic to fish and aquatic organisms.

**NOTIFICATION**  
 Date Reviewed: 4/15/10  
 Reviewed By: W. Henson

FIRST AID	
If Inhaled	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration preferably mouth-to-mouth if possible. Call a poison control center or doctor immediately for treatment advice.
If on Skin or Clothing	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor immediately for treatment advice.
If In Eyes	Hold eye open and flush with plenty of water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor immediately for treatment advice.
If Swallowed	Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. DO NOT induce vomiting unless told to do so by poison control center or doctor. Do not give anything by mouth to an unconscious person.
Have the product container or label with you when calling poison control center or doctor, or going for treatment. For assistance call 1-800-767-7665	
Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage	

### PHYSICAL OR CHEMICAL HAZARD

**STRONG OXIDIZING AGENT. CONTACT WITH WATER SLOWLY LIBERATES IRRITATING AND HAZARDOUS CHLORINE CONTAINING GASES. DECOMPOSES AT 460° F TO 480° F WITH THE LIBERATION OF HARMFUL GASES.**

Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with organic matter or other chemicals may start a chemical reaction with the generation of heat, liberation of hazardous gases and possible generation of fire or explosion.

**IN CASE OF FIRE, CONTAMINATION OR DECOMPOSITION:** Do not reseal container. If possible, isolate container in open air or well-ventilated area. Flood with a large volume of water.

### STORAGE AND DISPOSAL:

**STORAGE:** Keep product in tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. **DISPOSAL: IF EMPTY:** Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. **IF PARTLY FILLED:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
