

WALNUT GROVE[®] "4x4"[®] PARA-KILL[®] MINERAL "B"

(Contains FABON[®] Oral Larvicide)

To prevent the development of Horn Flies, Face Flies, House Flies and Stable Flies in the manure of treated cattle.

ACTIVE INGREDIENT	BY WEIGHT
2-chloro-1-(2,4,5-trichlorophenyl)vinyl dimethylphosphate	1.86 % *
INERT INGREDIENTS	98.14 % **
Total	100.00 %

*Each pound contains 8.4 g 2-chloro-1-(2,4,5-trichlorophenyl)vinyl dimethylphosphate
 **Refers only to ingredients which are not larvicidal.

GUARANTEED ANALYSIS

Calcium (Ca), not more than	-----	15.0 %
Calcium (Ca), not less than	-----	13.0 %
Phosphorus (P), not less than	-----	5.0 %
Salt (NaCl), not more than	-----	21.0 %
Salt (NaCl), not less than	-----	19.0 %
Iodine (I), not less than	-----	0.009%

INGREDIENTS

Dicalcium Phosphate, Calcium Carbonate, Linseed Meal, Soybean Meal, Cottonseed Meal, Condensed Fermented Corn Extractives, Sodium Sulfate, Calcium Sulfate, Iron Sulfate, Salt, Iron Oxide, Cobalt Carbonate, Potassium Iodide, Copper Sulfate, Magnesium Oxide, Manganese Sulfate, Zinc Oxide, Cane Molasses, Mineral Oil.

Cameraman's Note

Poor Copy

**KEEP OUT OF REACH
 OF CHILDREN
 CAUTION**

WALNUT GROVE "4x4" PARA-KILL MINERAL "R"

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

CAUTION

Harmful if swallowed. Avoid contact with skin and eyes. Avoid breathing dust. Wash thoroughly with soap and water after handling and before eating or smoking. If in eyes, wash with plenty of water for 15 minutes. If irritation persists, see a physician.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Feed Walnut Grove "4x4" Para-Kill Mineral "R" at the rate of one ounce per 750 pounds of body weight per head per day by mixing it into the ground grain or complete daily ration. This will supply the recommended average daily intake of 70 mg RABON[®] Oral Larvicide per hundred pounds body weight.

Start feeding Walnut Grove "4x4" Para-Kill Mineral "R" early in the spring before flies begin to appear and continue feeding throughout the summer into the fall until cold weather restricts fly activity.

Walnut Grove "4x4" Para-Kill Mineral "R" may be fed up to slaughter and to lactating dairy cows.

Walnut Grove "4x4" Para-Kill Mineral "R" prevents the development of horn flies, face flies, house flies and stable flies in the manure of treated cattle but is not effective against existing adult flies. When starting a feeding program during the fly season, it may be necessary to use other control measures to reduce the population of existing adult flies.

Supplemental fly control measures may be needed in and around cattle lots and buildings to control adult house flies and stable flies which can breed not only in cattle manure but in other decaying vegetable matter or silage on the premises.

In order to achieve optimum fly control, Walnut Grove "4x4" Para-Kill Mineral "R" should be used in conjunction with other good management practices.

thoroughly with soap and water at once following and before eating or smoking. If in eyes, wash with plenty of water for 15 minutes. If irritation persists, see a physician.
