Mr. C.A. Turner
Walnut Grove Product
Second and Lynn Street
Atlantic, IA 50022

Dear Mr. Turner:

Subject: The following are Registration Standards
Walnut Grove 4x4 FLI-KIL 10 Mineral
EPA Registration No. 7631-20
Walnut Grove 4x4 Add-Mix FLI
EPA Registration No. 7631-21
Walnut Grove 4x4 Pasture Lick and FLI-KIL
EPA Registration No. 7631-23
Walnut Grove 4x4 Para Kill Mineral "X"
EPA Registration No. 7631-17 ✓
Your Letter Dated August 28, 1989

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes listed below before you release the product for shipment bearing the agent's labeling:

1. Under Environmental Hazards, change "This product is toxic . . ." to "This pesticide is toxic . . ."
2. Delete "General Classification" under the Directions for Use. Products are no longer classified as general use.

WALNUT GROVE® 4x4® PARA-KILL® MINERAL "R"

PRECAUTIONARY STATEMENTS — HAZARDS TO HUMANS CAUTION

Harmful if swallowed. Avoid contact with skin and eyes. Avoid breathing dust. Wash thoroughly with soap and water after handling and before eating or smoking. If in eyes, wash with plenty of water. If irritation persists, get medical attention. Wear long-sleeved shirt and pants; chemical resistant gloves; shoes and socks for protection when handling.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not contaminate water when disposing of equipment wash water.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a dry place in original container.

DISPOSAL: Completely empty container into application (mixer/feeder) equipment. Then dispose of empty bag in a sanitary landfill or by incineration or if allowed, by State and local authorities by burning. If burned, stay out of smoke. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

DIRECTIONS FOR USE GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Feed Walnut Grove 4x4 Para-Kill Mineral "R" at the rate of one ounce per 750 pounds of body weight per head per day by mixing it into the ground grain or complete daily ration. This will supply the recommended average daily intake of 70 mg PARON Oral Larvicide per hundred pounds body weight.

Start feeding Walnut Grove 4x4 Para-Kill Mineral "R" early in the spring before flies begin to appear and continue feeding throughout the summer into the fall until cold weather restricts fly activity.

Walnut Grove 4x4 Para-Kill Mineral "R" may be fed up to slaughter and to lactating dairy cows.

Walnut Grove 4x4 Para-Kill Mineral "R" prevents the development of horn flies, face flies, house flies and stable flies in the manure of treated cattle but is not effective against existing adult flies. When starting a feeding program during the fly season, it may be necessary to use other control measures to reduce the population of existing adult flies.

Supplemental fly control measures may be needed in and around cattle lots and buildings to control adult house flies and stable flies which can breed not only in cattle manure but in other decaying vegetable matter or silage on the premises.

In order to achieve optimum fly control, Walnut Grove 4x4 Para-Kill Mineral "R" should be used in conjunction with other good management practices.
