NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(c)(7)(A) provided that you:

1. Within six months of the date of registration submit to the Agency a new dermal sensitization study (guideline reference no. 81-6). The product label may be subject to additional changes once review of this data is completed.

2. Within six months of the date of registration submit to the Agency the acute honey bee study (guideline reference no. 141-1) required by the September 1992 Soap Salts Reregistration Eligibility Document (RED).

3. Make the labeling changes listed below before you release the product for shipment:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 7673-10.
- b. On the front panel of label revise the statement, "the alternative to organo-phosphate insecticides", so that it reads:

"An alternative to organo-phosphate insecticides"

ATTACHMENT IS APPLICABLE On the right side panel revise the statement, "Secta

MADDEN Disk # 2 6/8/93

effectively kills selected insects in your home, garden, and greenhouse", so that it reads:

"Secta effectively kills listed insects on plants in your home, garden, and greenhouse."

- d. On the right side panel remove the statement "Secta kills insect pests fast, then breaks down quickly, with no residual effects." This is considered an implied safety claim in accordance with 40 CFR §156.10.
- e. In accordance with PR Notice 87-1 add the following statement to the label under the DIRECTIONS FOR USE section:  

"Do not apply this product through any type of irrigation system."
- f. In accordance with PR Notice 93-3 add, "for terrestrial uses" to the beginning of the second sentence of the Environmental Hazards section.
- g. Change the last word of the Environmental Hazards statement from "water" to "wastes".

4. Submit one copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

Please note that the Confidential Statement Formula (CSF) dated April 28, 1993 is considered the Basic CSF and all others submitted in the past are obsolete.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

This acceptance of your label does not relieve you of your obligation to comply with the Worker Protection Standard (WPS). If any of your products are covered by the WPS, you are required to submit, and receive the Agency's approval by April 21, 1994, of a revised label reflecting the required label statements of 40 CFR 156, published in the FEDERAL REGISTER of August 21, 1992 (57 FR 38102). Under the WPS labeling regulations at 40 CFR 156, subpart K, § 156.200(c)(3), you are prohibited from distributing or selling any product within the scope of the WPS requirements after April 21, 1994, without amended labeling accepted by the Agency.

Sincerely yours,

ROBERT A. FORREST

NET CONTENTS:

(RIGHT SIDE PANEL)

SECTA INSECTICIDE CONCENTRATE is designed for gardeners who desire an acceptable alternative to organo-phosphate pesticides. Made with potassium salts of fatty acids (insecticidal soap), SECTA effectively kills selected insects in your home, garden, and greenhouse.

SECTA can be used right up to day of harvest.

SECTA kills insect pests fast, then breaks down quickly, with no residual effects. Ideal for use around the home and garden.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use freshly mixed solution made with soft water. Mix 3.5 fluid ounces of insecticide concentrate per gallon of water, or 1 part concentrate per 35 parts water. Spray when insects first appear, or damage is noticed. Thoroughly spray all infested areas to the point of runoff, hitting insects directly with insecticide spray where possible. Apply weekly as needed (repeat application after 2 or 3 days to control aphids and mealybugs).

Can be used up to day of harvest.

**DO NOT USE ON NEW TRANSPLANTS, UNROOTED CUTTINGS, OR PLANTS STRESSED BY DROUGHT. THIS PRODUCT IS NOT RECOMMENDED FOR POINSETTIA SPECIES.**

Avoid spraying in full sun when temperatures exceed 90° F. Do not spray fruit trees when blooms are present. If wilting occurs within a few hours of spraying, rinse with a spray of fresh water.

**Kills:** Adelgids, Aphids, Cabbageworms, Crickets, Earwigs, Flea Beetles, Grasshoppers, Lace Bugs, Leafhoppers, Mealybugs, Mites, Plant Bugs, Psyllids, Rose Slugs, Sawfly Larvae, Scales, Squash Bugs, Stink Bugs, Tent Caterpillars, Thrips, Whiteflies.

**For Use On:** Vegetables - including Asparagus, Beans, Beets, Broccoli, Cabbage, Cucumbers, Eggplant, Lettuce, Peas, Peppers, Potatoes, Radish, Spinach, Squash, Tomatoes.

Fruit and Nut Crops - including Apple, Blackberry, Cherry, Cranberry, English Walnut, Grape, Grapefruit, Lemon, Melons, Oranges, Peach, Pear, Pecan, Plum, Strawberry.

Flowers and Bedding Plants (indoor and outdoor) - including Foliage Plants, Roses, and Succulents.

Woody Ornamental Landscape Shrubs and Trees including Fir trees and Evergreens.

### PRECAUTIONARY STATEMENTS

#### Hazards to Humans and Domestic Animals

Harmful if inhaled. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing or breathing spray mist. Wash thoroughly with soap and water after handling.

#### Environmental Hazards

This product may be hazardous to aquatic invertebrates. Do not apply directly to water, areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment, or disposal of water.

### STATEMENT OF PRACTICAL TREATMENT

**IF IN EYES:** Flush eye with plenty of water. Call physician if irritation persists.

**IF ON SKIN:** Wash with plenty of soap and water. Get medical attention if irritation persists.

**IF INHALED:** Remove victim to fresh air. If not breathing give artificial respiration, preferably mouth to mouth. Get medical attention.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Store unused material, tightly closed, in original container only.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL - ONE GALLON OR LESS:** Do not reuse empty container. Rinse container thoroughly before discarding. Securely wrap in several layers of newspaper and discard in trash. **GALLONS OR LARGER:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or, puncture and dispose of in sanitary landfill, or by other procedures approved by state and local authorities.
