EPA Reg.
Number:

7675-5

Date of Issuance:

MAY 14 1998

Term of Issuance:

Name of Pesticide Product:

Lithium Hypochlorite
Industrial
Disinfectant and/or
Sanitizer

NOTICE OF PESTICIDE:

 Registration

 X Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

FMC Lithium Division
Highway 161 - P.O. Box 795
Bessemer City, NC 28016-0795

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Eligibility Document, EPA has reregistered the above named product subject to the comments recorded in the succeeding paragraph. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

Make the following labeling changes before you release the product for shipment:

1. The Child Resistant Packaging is Required.
2. Include the word "Poison" and the skull and crossbones symbol immediately below the signal word "DANGER" on the front panel of the label.
3. Under the "Environmental Hazards" statement revise the first sentence to read: "This pesticide is toxic to fish and aquatic organisms".

4. Signature of Approving Official:

Robert S. Brennis
Robert S. Brennis, PM 32

Date:

4. Revise the "Precautionary Statement" to read:

Fatal if inhaled. Corrosive. Causes irreversible eye damage or skin burns. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Do not breathe dust. Wear goggles or face shield. For handling activities, use dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C). Wear protective clothing and rubber gloves. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash clothing before reuse.

5. Revise the "Statement of Practical Treatment" to read:

If Swallowed: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting.

If on Skin: Wash with plenty of soap and water. Get medical attention.

If Inhaled: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

If in Eyes: Hold eyelids open and flush with steady, gentle stream of water for 15 minutes. Get medical attention.

6. The proposed label should contain a "Note to Physicians". Some suggested types of information include the following:

- technical information on symptomatology;
- use of supportive treatments to maintain life functions;
- medicine that will counteract the specific physiological effects of the pesticide;
- company telephone number to specific medical personnel who can provide specialized medical advice.

Probable mucosal damage may contraindicate the use of gastric lavage.

Regulatory Management Branch II
Antimicrobials Division (7504C)

Lithium Hypochlorite

Industrial Disinfectant and/or Sanitizer

For formulating, mixing or repackaging use only

DANGER

Keep out of reach of children
Hazards to human and
domestic animals

PRECAUTIONARY STATEMENTS

Highly corrosive. May cause skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer

systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS

Strong oxidizing agent. Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible isolate container in open air or well ventilated area. Flood with large volumes of water, if necessary.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. For Bulk Shipment for repackaging or reformulating use as a disinfectant and/or sanitizer. Repackagers or reformulators must

ACCEPTED
with COMMENTS
in EPA Letter Dated:

MAY 14 1998

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, for the pesticide
registered under EPA Reg. No

7675-5

Contains 35% available chlorine EPA Reg No 7675-5
US Patent No 3171814 EPA Est No 7675 NC 1
Active ingredient, lithium hypochlorite 29%
CAS No 13840 33 0
Inert ingredients 71%

obtain their own registration to legally market their
products for these uses.

STORAGE AND DISPOSAL

Store in a cool, dry place. Do not transfer into unlabeled
containers. Close container tightly after each use. Protect
from moisture and heat. Completely empty liner by
shaking and tapping sides and bottom to loosen clinging
particles. Empty residue into application equipment. Then
dispose of liner in a sanitary landfill or by incineration if
allowed by State and local authorities. If drum is not to be
reused or is contaminated and cannot be reused, dispose
of in the same manner. Do not contaminate water, food or
feed by storage or disposal.

PRACTICAL TREATMENT (first aid)

If swallowed: Drink two glasses of water and see a
physician immediately. Do not induce vomiting. If on skin:
Wash skin thoroughly with cold water for at least 15
minutes. If irritation persists, see a physician. If in eyes:
Flush with cold water for at least 15 minutes. Get medical
attention.
