

**PHYSICAL AND CHEMICAL HAZARDS**  
**STRONG OXIDIZING AGENT:**

Strong Oxidizing Agent. Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction, with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible isolate container in open air or well ventilated area. Flood with large volumes of water, if necessary.

**PRACTICAL TREATMENT (FIRST AID):**

If swallowed: Feed bread soaked in milk followed by olive oil or cooking oil. Call a physician immediately.

If on skin: Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention.

If in eyes: Flush with cold water for at least 15 minutes. Get medical attention.

**ENVIRONMENTAL HAZARDS:**

This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES Permit. For guidance contact the regional office of EPA.

**EASY TO USE • JUST BROADCAST INTO POOL • COMPLETELY  
HIGHLY EFFECTIVE BACTICIDE AND DISINFECTANT  
SIMPLIFIES MAINTENANCE**

# formula 2® Shock Treatment

This product is a specially formulated germicide derived from LiY, the space-age element.

**CONTAINS 35% AVAILABLE CHLORINE**

EPA Reg. No. 7675-7  
EPA Est. No. 7675-NC-1  
Patent No. 3171814

Active Ingredient, lithium hypochlorite  
Inert ingredients

**DANGER**

**KEEP OUT OF REACH OF CHILDREN**

NET WEIGHT 10 LBS.

## HOW TO USE FORMULA 2 SHOCK TREATMENT

The pool water should be shock treated about once each week. Utilizing your pool test kit, adjust pH of pool to 7.2 — 7.6. Use one pound (lb.) per 6,000 gallons of water in the evening when the pool will not be used for a minimum of 12 hours. Test the chlorine residual and if above 2.0 ppm do not allow swimming until residual has decreased.

### STORAGE AND DISPOSAL:

Keep product dry in tightly closed container when not in use. Store in a cool dry, well ventilated area away from heat or open flame. In case of decomposition isolate container, if possible, and flood with large amounts of water to dissolve all material before discarding. Place in trash collection or dispose in approved landfill area, or bury in a safe place.

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

#### DANGER:

Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.
