

U.S. ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (M/11567) WASHINGTON, D.C. 20460	EPA REGISTRATION NO.	DATE OF ISSUANCE
	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT	

NOTICE OF PESTICIDE: REGISTRATION REREGERISTRATION

(Under the Federal Insecticide, Fungicide and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

UNITED CORPORATION OF AMERICA
 Highway 141
 P. O. Box 795
 WASHINGTON CITY, N. C. 28011

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

ATTACHMENT TO EPA REGISTRATION NOTICE

EPA Registration No. 7675-P Date Issued 9-12-84

Company Name Lithium Corporation of America

Product Name Formula 2 Spa Shock

The following requirements or revisions apply to the label which was accepted with this registration notice

1. An edited copy of the proposed label is enclosed indicating the revisions which must be made to your label to satisfy our requirements.
2. The registration number which has been assigned to this product must appear on the label as EPA Registration No. 7675-P.
3. Under "Directions" add a paragraph such as "Use a reliable test kit with fresh solutions for pH and chlorine testing".
4. Under "Directions", add a paragraph such as: "Note. Shower before using spa. Do not add foodstuffs or beverages to water. Do not use soap in water. Do not use lotions or oils on parts of the body in contact with water. Avoid overloading spa."
5. The labels which will be used for this product in channels of trade must reflect these revisions.
6. Five copies of the finished printed labels, as defined in the A-79 enclosure, must be submitted to the Agency before the product is released for shipment to comply with PR Notice 82-2 of June 18, 1982.
7. The finished printed labels must comply with the general labeling requirements of Section 162.10 of Title 40 of the Code of Federal Regulations. If the label does not satisfy these requirements it will be rejected.

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

SPA WATER CARE

Effective use of all spa sanitizers depends on maintaining proper water balance. The following ranges are highly recommended:

- pH 7.4 - 7.8
- Total Alkalinity 125-150 ppm
- Calcium Hardness 200-300 ppm
- Residual Available Chlorine 2.0-3.0 ppm
- Cyanuric Acid (Stabilizer) 0 ppm (Outdoors) 30 ppm

DIRECTIONS

Use one-quarter ounce of Formula 2 Spa Sanitizer per 250 gallons of water as an initial treatment. Repeat the procedure until a residual of 2.0 to 3.0 ppm is established. A frequent testing to determine additional doses needed to maintain the proper residual is highly recommended.

If a need for superchlorination arises, use one-half ounce of Formula 2 Spa Sanitizer per 250 gallons of water. Bathors should not enter the spa until the available chlorine residual falls to 3.0 ppm.

If the spa is used daily, it should be drained completely and fresh-filled about once a month.

STORAGE AND DISPOSAL

Keep this product dry in a tightly closed container, when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. In case of decomposition, isolate container (if less than 5 gal) and flood area with large amounts of water to isolate all materials. Before discarding this container do not use any of the contents but place in trash collection. Do not use the contents for food or feed by storage or disposal, or cleaning of equipment.

Formula 2® Spa Sanitizer

ACCEPTED
CONTAINS 35% AVAILABLE CHLORINE
EPA Reg. No. 7675-8

EPA Reg. No. 7675-
