

Sodium Hypochlorite 150

Active ingredient Sodium Hypochlorite.....12.5%
 Inert Ingredients: 87.5%

**KEEP OUT OF REACH OF CHILDREN
 DANGER**

STATEMENT OF PRACTICAL TREATMENT (FIRST AID)

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person drink large amounts of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes; then continue rinsing the eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling the poison control center or the doctor, or going for treatment.

NOTE TO PHYSICIAN

Sodium hypochlorite is corrosive to eyes, skin and mucous membranes with chemical burns (caustic). Treatment is dilution/flushing of site with copious amounts of water with controlled removal of exposure followed by symptomatic and supportive care to maintain life functions. Consideration should be given to careful endoscopy as stomach or esophageal burns, perforations or strictures may occur. Probable mucosal damage may contraindicate the use of gastric layage. Careful gastric lavage with an endotracheal tube in place should be considered. Observation may be warranted. Medical advice - 303 595 9048 (collect)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Corrosive, causes irreversible eye damage or skin burns. Do not get in eyes, on skin or on clothing. Avoid breathing vapors. Vacate poorly ventilated areas as soon as possible. Do not return until strong odors have dissipated. Wear face shield or goggles and rubber gloves when handling this product. Wash thoroughly with soap and water after handling

and before eating, drinking, chewing gum or using tobacco. Remove and wash contaminated clothing before reuse.

STORAGE & DISPOSAL

Store this product in a cool dry area, away from direct heat or sunlight to avoid deterioration. In case of spill, flood area with large quantities of water. Product or rinsates that cannot be used should be diluted with water and disposed in a sanitary sewer. Return empty truck tank to manufacturer for recondition and reuse. Do not contaminate water, food or feed by storage, disposal, or cleaning of equipment

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

STRONG OXIDIZING AGENT: Mix only with water according to label directions. Mixing this product with chemicals (e.g., ammonia, acids, detergents, etc.) or organic matter (e.g., urine, feces, etc.) will release chlorine gas which is irritating to eyes, lungs and mucous membranes.

EPA Reg. No. 7675-14
EPA Est. No. 7675-NC-1

Net Contents on Container

MANUFACTURING USE ONLY -

For manufacturing use only in the formulation of end-use products intended as:

- sanitizers of surfaces (e.g., wooden butcher blocks, stainless steel tops, concrete floors, tile walls); or
- sanitizers of commercial and household laundry; or
- agents to wash or assist in lye peeling of fruits and vegetables; or
- agents to help control microorganisms on eggs for human consumption; or
- disinfectants of poultry drinking water; or
- disinfectants of human drinking water (emergency/public/individual), swimming pool water, hubbard/immersion tank water, spas/hot tub, hydrotherapy pools, human drinking water systems (e.g., water mains); or
- disinfectants of nonporous hard surfaces (e.g., tile, glass, stainless steel, fiberglass); or
- agents to help control microorganisms in sewage, wastewater, industrial and pulp and paper process water systems; or
- algaecide/slimicides in cooling towers or evaporative condensers; or
- sanitizers of dialysis machines; or
- sanitizers of toilet bowls; or
- agents to help control algae and bacteria in fish and lobster ponds/tanks and conditioning oysters; or
- agents to help control slime on boat bottoms; or
- agents to sanitize and deodorize artificial sand beaches; or
- agents to kill scavenger fish in fish hatchery ponds; or

Reformulators and repackagers of this product must obtain their own registrations from the Environmental Protection Agency.
