ALLCLEAR®
 by **wardley's**

**CONTROLS
 MANY
 ALGAE**

CAUTION Keep out of the reach of children. See back panel for additional cautions.
CONTENTS 12 TABLETS
NET WT. 0.14 OZ. (3.96 grams)

WARDLEY'S® Aquarium Algicide ALLCLEAR® will control many algae common to home aquaria and prevent algae from re-appearing, when used as directed.

— Directions For Use —

TO CONTROL ALGAE: Add one tablet to each five gallons of aquarium water. Thereafter add one tablet per five gallons of water every four weeks for two months. Where extremely heavy growths of algae are present it may be necessary to repeat the dosage within 7 days from the initial application. Take care to remove any decaying algae from the sides of the aquarium with a cloth prior to the introduction of the second dosage of tablets. Filtration is also recommended as an aid in removing particles of decayed algae from the water.

TO PREVENT ALGAE FROM REOCCURRING: Add one tablet to each ten gallons of aquarium water every six weeks or whenever it is apparent that regrowth of algae is occurring.

ACTIVE INGREDIENTS:

Monuron 3-(p-chlorophenyl)-1, 1-dimethylurea,
 Dehydroabietylamine acetate, Dichlone
 (2,3-Dichloro-1,4-naphthoquinone) 6.719%

INERT INGREDIENTS:

Lactose, Sodium Bicarbonate, Microcrystalline
 cellulose, Tartaric Acid, Stearic Acid 93.281%
 Total 100.000%

CAUTION: Harmful if swallowed. Avoid storage near feed and food products. These tablets are designed for aquarium use only. Follow good housekeeping practice by keeping out of reach of children and household pets.
