CAUTION
 STATEMENT OF PESTICIDE TREATMENT
 IN USE: Wash with soap and water
 IN EYES: Flush with plenty of water
 See Back Panel for Additional Precautionary Statements
 CONTENTS: 6 FL OZ (15 mL)

Precautionary Statements
CAUTION
 Hazardous to humans and domestic animals
 Irritant to skin and eyes if absorbed through skin
 Avoid contact with eyes, skin, or clothing. Wash
 thoroughly with soap and water after handling.
Environmental Hazards
 Do not contaminate domestic, surface or irrigation
 water supplies, wells, or streams.
DIRECTIONS FOR USE: It is a violation of Federal law to
 use this product in a manner inconsistent with labeling.
USE: Add one teaspoon of Allclear to each
 10 gallons of water. Refer to back of card for detailed
 directions.
TO PREVENT ALGAE RECURRENT: One treatment usually
 kills 4 weeks. If algae reappears, repeat at 2-3
 week intervals. This bottle will treat 200 gallons of water.
STORAGE AND DISPOSAL: Store in a dry place. Do not
 contaminate water supply. Do not reuse container.
 Recycle when possible. Do not put in trash collection.

LIQUID ALLCLEAR®

LIQUID ALGICIDE
CONTROLS AQUARIUM ALGAE

ACTIVE INGREDIENTS:

2,4-Dichlorophenoxyacetic acid (as sodium salt)	0.001%
2,4,6-Trichlorophenoxyacetic acid (as sodium salt)	0.001%
INERT INGREDIENTS	99.998%
Total	100.000%

Keep out of reach of children

CAUTION

STATEMENT OF PRACTICAL TREATMENT

IF ON SKIN: Wash with soap and water

IF IN EYES: Flush with plenty of water

See Back Panel For Additional Precautionary Statements

CONTENTS: 1.5 FL OZ (15 ml)

For fresh water aquarium and ornamental pool use only

Precautionary Statements CAUTION

Hazard to humans and domestic animals.
Harmful if swallowed. Harmful if absorbed through skin.
Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling.

Environmental hazards
Do not contaminate domestic livestock or irrigation water supplies, lakes, or streams.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with labeling.

ALGAE CONTROL: Add one teaspoon of Allclear to each 10 gallons of water. The initial dosage may be repeated 7 days after the initial application when heavy algae growth is present (pea green water color). **CAUTION:** To avoid oxygen depletion, dead or decaying algae should be removed by mechanical means (i.e. filtration) or manual means (wipe with cloth) PRIOR to the introduction of the second dosage. Aeration and filtration must be maintained during treatment with Allclear.

TO PREVENT ALGAE FROM RECURRING: Under ordinary conditions of use, one treatment will last up to 4 weeks. If algae reappears, repeat the initial dosage. The entire contents of this bottle will treat 240 gallons of water.

STORAGE AND DISPOSAL: Store in a dry place. Do not contaminate water, food, or feed. Do not reuse container. Wrap container and put in trash collection.
