UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

NOV 1 1996

Ms. Julie Elmer
The Wardley Corporation
P.O. Box 2687, One Aquarium Drive
Secaucus, NJ 07096-2687

Dear Ms. Elmer:

SUBJECT: Label Amendment/Basic and Alternate CSFs - Response to
Agency Letter, Dated February 5, 1996, Regarding
Aquarium and Ornamental Pond Uses of Simazine
Allclear II Algicide For Outdoor Fishpools
EPA Registration Number: 7689-16
Your Resubmission Dated September 18, 1996

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided you make the following change:

1. Add the statement "Hazards to Humans and Domestic Animals" as a subheading immediately under "PRECAUTIONARY STATEMENTS" and delete this same statement from its current position within the body of the paragraph.

A stamped copy is enclosed for your records. Submit one copy of your final printed labeling before you release the product for shipment.

The Confidential Statements of Formula (CSF), referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, are acceptable. Copies of the CSFs (Basic and Alternate Formulations), dated 9/10/96, have been placed in our file for the subject product. These CSFs supersede all previously submitted CSFs for this product.

Sincerely yours,

Susan L. Stanton for
Joanne I. Miller
Product Manager (23)
Fungicide-Herbicide Branch

ALLCLEAR II™

ALGICIDE
FOR OUTDOOR FISHPOOLS

ACTIVE INGREDIENTS:

Simazine (2-chloro-4, 6-bis[ethylamino]-s-triazine) 3.71%

INERT INGREDIENTS 96.29%

Total 100.00%

CONTROLS MANY ALGAE TREATS 600 GALLONS

Keep out of the reach of children

CAUTION

STATEMENT OF PRACTICAL TREATMENT

IF ON SKIN: Wash with soap and water.

IF IN EYES: Flush with plenty of water.

SEE BACK PANEL FOR ADDITIONAL
PRECAUTIONARY STATEMENTS.

EPA Reg. No. 7689-16

EPA Est. No. 7689-NJ-1

CONTENTS: 1.75 OZ. (49.6g)

PRECAUTIONARY STATEMENTS CAUTION

Water treated with this product should not be used for human swimming or bathing activities. Hazards to human and domestic animals. Harmful if swallowed. Harmful if absorbed through skin. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling.

Environmental hazards:

For use in aquariums or outdoor ornamental ponds with a maximum volume of up to 1,000 gallons. Do not apply or allow discharge to lakes, flowing water, or ponds with outflow. Do not contaminate domestic livestock or irrigation water supply, or lakes or streams.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with labeling.

ALGAE CONTROL: Break open pouch and squeeze one tablet into 50 gallons of water. Remove algae mechanically before treatment and aerate water after treatment. Treatment effective for several weeks depending on conditions causing algae growth. Repeat when algae reappear. For heavy growth, it may be necessary to repeat treatment in 6 days.

PRECAUTION: Treatment may injure water hyacinths and water lilies. See explanation below to determine gallon capacity of fishpool. Distribute tablets uniformly throughout the fishpool.

RECTANGULAR OR SQUARE POOLS: Multiply length times width times average depth; then multiply result by 7.5. This will give the approximate number of gallons to treat.

CIRCULAR POOLS: Multiply the diameter by itself. Then multiply this number by the average depth. Multiply this total by 5.9 to get gallons treated.

IRREGULAR SHAPED POOLS: Multiply the long diameter by the short diameter. Multiply the total by the average depth, and this total by 5.9 to get the number of gallons treated.

STORAGE AND DISPOSAL

Store in a dry place. Do not contaminate water, food, or feed. Do not reuse container. Wrap container and put in trash collection.
