NET CONTENTS

**Not Reviewed.** Registrant claims to be in accordance with Re-registration of Pesticide Product Guidance for Phase 2 Response, Page 2.12, Active to Inert Change in Status.

## DIRECTIONS FOR USE:

**IN PUBLIC ROOMS AND GUEST ROOMS:** Use undiluted and spray into the upper portions of the room to remove foul odors.

**RESTROOMS AND BATHROOMS:** After routine cleaning of fixtures, spray on toilet bowls, seats and other areas. Will significantly reduce most bacteria on surfaces made wet with spray.

**AS A SURFACE SANITIZER:** First, thoroughly clean the surface to be sanitized. Then use undiluted, wiping over surfaces and objects to be sanitized. A course heavy spray over these areas will also accomplish the desired sanitizing. Will attack malodors at their source, leaving the area with a pleasant fragrance.

Removes unpleasant odors of decay, smoke, garlic, onions, food putrefaction, perspiration, stale air, tobacco, sick rooms, musty closets, fish and many others. These undesirable odors are destroyed and completely eliminated.

### ACTIVE INGREDIENTS:

n-(Alkyl (C<sub>12</sub> 50%, C<sub>14</sub> 40%, C<sub>16</sub> 10%) dimethyl  
benzyl ammonium chloride) ..... 00.750%
