

STERILTEX-43

STERILTEX-43 is an additive for the dye bath vats of broom manufacturers to prevent the damaging effect of mildew and many other micro-organisms encountered in such environments. The recommended use concentration for STERILTEX-43 when used as a mold preventative in broom dyeing is: ONE-HALF GALLON PER ONE HUNDRED GALLONS OF WATER. THEREAFTER USE SIX OUNCES OF STERILTEX-43 FOR EVERY TEN GALLONS OF WATER ADDED TO THE DYE BATH.

Active ingredients:

Methyldodecylbenzyl Trimethyl Ammonium Chloride

8% by weight

Methyldodecylxylylenebis (Trimethyl Ammonium Chloride)

2% by weight

Inert ingredients:

90% by weight

CAUTION: Harmful if swallowed. Keep out of reach of children. Avoid getting concentrate in eyes. Wash eyes thoroughly with water if contact occurs. If irritation persists, obtain medical attention.
