(REAR PANEL)

Training of your own pet will repel cats for 12 to 24 hours or more. Break your pet of undesirable habits, such as sleeping on furniture, rugs, and other forbidden areas in your home.

DIRECTIONS FOR USE: Spray the article of furniture, rug, etc. lightly with this product. This product may stain or soften some fabrics or plastics. Test the effect of this product by first treating a small inconspicuous area. To avoid possible damage, spray a piece of cloth lightly and place it on the object or area to be protected. Repeat as necessary until habit is broken. GENERAL: For indoor situations, the most effective control for a pet is the sharply spoken word backed up with disciplinary action. The repellent product should be used in conjunction with training.
