### Precautionary Statements Hazards to Humans and Domestic Animals

#### CAUTION

Harmful if swallowed. Avoid inhalation of vapors. Avoid contact with skin, eyes or clothing. Wash contaminated skin promptly with soap and warm water. For eyes, flush with plenty of water. Get medical attention if irritation persists. Avoid contamination of food and feedstuffs.

Do not use in commercial food processing, preparation, serving or storage areas in the home, as food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover prepared food. Remove pets, birds and cover of aquariums before spraying.

#### Physical Hazards

Contains flammable vapors. Store in cool, well-ventilated area. Do not use near open flame. Do not use in confined spaces. Do not use in areas where smoking is prohibited.

### Directions For Use

#### General Classification

This product is a household insecticide. Use as directed.

### Storage and Disposal

Store in original container. Do not use if container is damaged. Do not use if contents are empty.

This product kills Flies, Mosquitoes, Black Carpet Beetles, Saw-toothed Grain Beetles, Rice Weevils, Small Flying Moths, Spiders, Centipedes, Fleas, Ticks, Wasps, Pill Bugs, Crickets and Silverfish. Aids in Control of Cockroaches.

Cover exposed foods, dishes and food-handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Point valve opening away from face and eyes when releasing. Use one unit for each 6,000 cubic feet of unobstructed area. Use additional units for remote rooms or areas where fog of mist is not assured. Do not remain in the area during treatment and ventilate thoroughly before reentry.

**TO OPERATE VALVE:** To lock valve in open position for automatic discharge, press valve button all the way down, holding the catch. Then place fogger on stand or table in the center of the room with valve locked open, pulling several layers of newspaper or pad under fogger. Leave building at once and keep building closed for four hours before airing out. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in two weeks, or when necessary.

**To Kill Ticks:** Destroy pet's old bedding and replace. Use this product as above. Treat dogs and cats with a tick repellent. Do not use on horses.

**To Kill Fleas:** Use as above. Do not use on horses.
